

Technical Bulletin 21-3

Men's Field moves to World Lacrosse (WL) Rule Book

The 2021 Lacrosse Canada Semi Annual Meeting saw the Men's Field sector adopt the World Lacrosse Men's Field Rule Book.

With this change, Lacrosse Canada will use the World Lacrosse Men's Field Rule Book beginning in 2021. This also follows what is previously in policy section 19.

SECTION 19 – MEN'S FIELD LACROSSE

19.1 RULES OF PLAY

19.1.1 All games and competitions under the jurisdiction of the Association shall be governed by the International Lacrosse Rules as issued by World Lacrosse (WL), with specific exceptions as listed in this Manual.

Men's Field Specific Exception

In addition to the adoption of the WL Rule Book, the Lacrosse Canada Men's Field sector and the Lacrosse Canada Board of Directors approved a new policy for Men's Field regarding required equipment for all Men's Field players. The new policy is outline below.

12.9.1.2 – In Men's Field Lacrosse all players are required to wear Shoulder Pads and a protective Cup.

Policy 12.9.1.2 is necessary as WL does not require this protective equipment.

Please see the attached WL Men's Field Rulebook that is attached.
