

# Evaluation Procedure

## Goalies

### 2019

#### **Novice**

➤ It is the policy of the Canmore Minor Hockey Association that each Novice player shall have the opportunity to play the goaltender position. This opportunity will be provided on a regular rotation with each team member taking his or her turn in the rotation. No player shall be forced to participate as a goaltender and there will be no goaltender evaluations at the Novice level. CMHA recognizes the importance of the goaltender position. Coaches at the Novice level have the responsibility to introduce the position to each player. This is a critical step in the development of goaltenders in the association.

#### **Atom, Peewee, Bantam and Midget**

- Each player wishing to play the goaltender position must declare as a goaltender prior to the start of the evaluation process. Players electing as goaltenders will be evaluated at that position and placed on teams according to their ranking versus the other goaltenders.
- CMHA will work to ensure that each CAHL team will have 2 goaltenders assigned. This will be dependent on registration totals. It is expected that each goaltender will have the opportunity to play in 50% of the team's games, including exhibition and tournaments. With the best efforts of the coaching staff, this opportunity will be provided on a rotating basis.
- Players electing as goaltenders will not be eligible to play as skaters

## **Evaluation Process - CAHL Teams**

- Goaltender evaluations will be completed via Goaltending Evolution who specializes in goaltender training and development. The goalie rankings will be used by the Coaching Skills Director, in conjunction with the Board of Directors, to place goaltenders on the appropriate teams.
- Each player in the Atom, Pee Wee, Bantam and Midget age groups who declares as a goaltender will attend the technical evaluation session(s). Goaltenders not attending the session(s) will receive a score of zero in their technical evaluation score. This technical session will account for 40% of the total evaluation score for each goaltender. In the event CMHA conducts more than one technical evaluation session, each session will account for an equal share of the total 40%.
- Each goaltender will receive 5 on 5 gameplay evaluation sessions. These 5 on 5 evaluation sessions will account for 60% of the total evaluation score for each goaltender. Each 5 on 5 session will account for an equal share of the total 60%.
- Goaltenders will be placed on teams according to their total evaluation score from all sessions with the top 2 rank goaltenders being placed on the highest level team for their age group and so forth.
