3. fewest penalty minutes
4. quickest goal in first game of the tournament

The rules regarding standings encourages teams from running up the score. Goals for and against are not determining factors.

Player of the Game:

There will be player of the game awards for each team at the end of each game. We ask coaches to pick a player from their own team that has demonstrated qualities of sportsmanship, drive, and teamwork over the game. These are the qualities we want to highlight in our Player of the game.
