

Financial Aid

Families can sometimes face financial barriers which can prevent their children from participating in organized sport. To assist families with payment, there are organizations that offer financial assistance for children registering in sports programs.

[KidSport](#) grants are awarded based on financial eligibility, and a child can receive up to \$300 per calendar year to help offset the cost of organized sport registration and/or equipment. ([Information on KidSport application can be found by clicking here.](#))

[Jumpstart](#) is designed to provide assistance to those who, due to lack of funds, would otherwise be unable to participate in sport, art, cultural, and recreation activities.

Community and Competitive soccer fees can be paid in installments. Arrangements can be made by contacting admin@riderssoccer.ca

The CC Riders Soccer Club pledges to keep registration fees to a minimum, considering the operational costs and overall financial health of the organization. We will also not require the purchase of uniforms or additional Club apparel to keep soccer an affordable option for families in Colchester County.
