Log all gear exchanges on the sign in / sign out sheet

The coach is responsible for keeping track of all gear for their soccer team on this sheet.

The club will supply the coach with soccer gear as logged on this sheet.

The coach will then loan jerseys and shorts to players and log this information on this sheet.

At the end of the season, it is recommended that the coach collect all team gear (including jerseys and shorts) at the field on that final day. Even if the jerseys and shorts are not clean, collecting the jerseys and shorts right after the final game ends up saving the coach and players the time and inconvenience of arranging to meet at another place to return team gear. Collecting jerseys at a later date can be very time consuming for the coach.

To return the soccer gear at the end of the season, please contact the club to make arrangements.

This form must be returned at the time of drop off with all of the soccer gear.

Players are returned their \$50 deposit if all of their soccer gear is returned. If players have not returned shorts or jerseys then the coach will keep the \$50 deposit and pass this in to the club along with the soccer gear.

Log any damages on the sign in / sign out sheet

If any of the soccer gear get damaged, the coach is responsible to log this information on the sheet and save the damaged gear to be returned to the club at the end of the season (or during the season if you need something replaced). Our club needs to collect any damaged products in case our equipment providers will replace damaged gear upon inspection. The coach can also contact the soccer club if gear needs to be replaced promptly, we will do our best to provide what is needed for you and your team.
