

# Training Plans Soccer for Life (U13-17) Guide

The purpose of Alberta Soccer providing "Periodized Annual Plans" for each stage of development is to:

- 1. Assist member districts, leagues and clubs in the planning of programming.
- 2. Educate players, coaches and parents as to the commitment and levels of play required for the various "Stages of Development".

Alberta Soccer has taken into account various publications from Canada Soccer (LTPD Documentation/CSA Toolkits), district/programming currently in Alberta, facility considerations, differing abilities and commitment levels of play as well as trends in Canada and elsewhere. As one can imagine, it is a difficult task to encapsulate all of this information into a single "one size fits all" document. To that end this guide is designed to assist in explaining the different terms and information presented in the training plans but it is incumbent on the organising district/club to model programming that best fits their situation staying consistent with the Periodized Plan at each Stage of Development.

#### Calendar

The Soccer for Life (U13-17) Training Plan is designed September through August due to the change over in Age Groups being done from the outdoor season to the indoor season as well as coinciding with the start of the school year.

#### **Programming Levels**

The Soccer For Life (U13-17) Training Plan has been designed with 3 levels of participation. These levels are broken down as follows:

Level 1 Programming (Recreational) – Designed for the Soccer For Life (U13-17) recreational player whom wishes to play the game in outdoor only during the early Fall and Spring months. The commitment of the

- player is to participate in soccer twice per week.
- ➤ Level 2 Programming (Tier II to IV) –
  Designed for the Soccer For Life (U13-17)
  Tier III & IV player whom wishes to play the game in outdoor as well as indoor. The commitment of the player is to participate in soccer twice per week.
- ➤ Level 3 Programming (Tier I) Designed for the Soccer For Life (U13-17) Tier I player whom wishes to play the game in outdoor as well as indoor. The commitment of the player is to participate in soccer three times per week.

### **Programs**

The Soccer For Life (U13-17) Training Plan has three distinct periods of participation:

- Fall Program A six-week program that generally occurs outdoors at the start of September until mid-October.
- Winter Program A sixteen-week indoor program that runs from November until mid-March with a break over the Holiday Period.
- Spring/Summer Program A 10 to 18 week outdoor program that runs as per below:
  - Level 1 Programming mid-April until June 30
  - Level 2 Programming mid-April until Provincial Competition in July
  - Level 3 Programming mid-April until Provincial Competition in August

#### Weeks of Involvement

The number of weeks per programming level:

- ➤ Level 1 Programming 16 weeks
- ➤ Level 2 Programming 36 to 38 weeks
- ➤ Level 3 Programming 40 weeks

#### **Practice Sessions**

The Soccer for Life (U13-17) Training Plan is designed for Districts and Clubs to incorporate practices into their programming.

Each training session should be built around the four corner approach to player development – Technical/Tactical, Physical, Mental, Social/Emotional. Addressing all four of these "pillars" at each practice session will help develop well-rounded players with a foundation in fitness, technical/tactical soccer abilities, self-confidence and leadership skills.

Canada Soccer Toolkits should still be used as a primary source of reference in designing activities for training sessions.

#### **Number of Training Sessions**

The number of Training Sessions for each program:

- ➤ Level 1 Programming 16
- > Level 2 Programming 72-76
- > Level 3 Programming 120

#### Games

All games should adhere to LTPD standards and guidelines and be played in accordance with FIFA Laws of the Game.

#### Number of Rest Weeks

The number of rest weeks for each program:

- > Level 1 Programming 36
- > Level 2 Programming 14-16
- ➤ Level 3 Programming 12

Multi-Sport Athletes/Seasonal Breaks

Players in the Soccer for Life (U13-17) Stage of Development should be encouraged to participate in other sports and activities. By participating in other sports children will become well-rounded athletes which will only enhance their overall fitness levels and benefit them later in their sporting endeavors. During seasonal breaks in particular it is highly recommended that players engage in other sports.

#### Weekly Soccer Activities

The number of Preferred Training Model Sessions/Practices/Games per week for each program:

- Level 1 Programming 2x per week
- ➤ Level 2 Programming 3x per week
- ➤ Level 3 Programming 4x per week

We hope this guide has assisted you in understanding the Training Plan that is recommended for the Soccer for Life (U13-17) Stage of Development. If you have any questions on this plan, please do not hesitate to contact:
