As Kim Mills and myself are stepping away from the position of Equipment Managers we have done our best to minimize the expenditures for the membership of Chilliwack Minor Hockey while trying to provide quality equipment for the children. We have enjoyed our time learning the job from the first day we walked in to Prospera's Equipment Room to find about 100 sets of jerseys unlabelled and housed in garbage bags sitting on the floor, to where it is now. I am offering to assist the new

equipment managers in their new position to make their transition as seamless as possible and provide our contact information from the variety of retailers as well as support them as they move forward.

We would like to thank the Minor Hockey Executive's for their support over the past two seasons.

See you at the rink.
