

Date: 07/10/2020

The Airdrie Cochrane Athletic Association (ACAA) is pleased to introduce the **U16AA AC HAVOC!**

The Havoc will play in the newest division of the South Central Alberta Hockey League (SCAHL), and will have a modified draw zone similar to that of the ACAA's AAA teams. They will practice and play games in both Cochrane and Airdrie.

David Chamberlain will be joining the team as Head Coach. He was previously an Assistant Coach for the Airdrie CFR Chemicals Bisons U18 AAA team and is looking forward to returning to coach an ACAA team. David's extensive hockey experience includes administrative positions with Crowfoot Minor Hockey (Director of Hockey Operations for 8 years and President for 2 years). He was also a Director at Large with the NWCAA and Calgary Minor Hockey for a short period of time. He has coached several years of minor hockey teams, Bantam AA, Bantam AAA, Midget AA and Minor Midget AAA teams. We welcome David to the ACAA!

Contest Winner

The Airdrie Cochrane Athletic Association would like to thank everyone who participated in the contest to name our newest team. The winning name and logo was submitted by the Jessome family. They will be receiving a personalized Havoc jersey showcasing the logo they designed!

The Airdrie Cochrane Athletic Association is the committee responsible for setting the structure and direction of the male high performance stream of hockey within the Airdrie draw zone, as regulated by Hockey Alberta's development model. It includes U15 AAA, U16 AA, U16 AAA and U18 AAA. The draw zone encompasses the Banff and Canmore area, east to Beiseker and north to Trochu.
