If after one period of overtime the game is still tied, the game will be decided by a shootout.

- A. Coaches shall submit a prepared list of 5 shooters to the officials.
- B. Teams alternate shots on goal, visiting team first.
- C. Each team must go in order of their list.
- D. After each team has had 3 shooters shoot, the team that is ahead will be declared the winner.
- E. If still tied, the teams will alternate shooters in a sudden victory shootout (i.e. If team A scores and team B does not, team A will win), one shooter at a time following the submitted list.
- F. After all 5 pre-determined players have shot, alternate the rest of the roster until the first 5 shooters can shoot again.

The final game score will not reflect the number of goals that occurred during the shootout. The winning team will have their score from the regulation time score increased by 1. For example, if the score is 4-4 at the end of regulation time, the score after the shoot-out should be recorded as 5-4 regardless of how many goals were scored during the shoot-out.

Penalties assessed in regulation time, shall carryover to the overtime period.

***NOTE: regardless of game score, only a SEVEN goal differential will be credited in applying these rules.**
