

October 27th, 2021

Cowichan Valley Minor Hockey Association cannot run our youth hockey program without volunteers stepping up to make our program possible and there is no excuse to take frustrations out on our volunteers.

Any abuse of volunteers will result in a one month ban from both local arenas for the first offence and repeating the Respect in Sport for Parents course, (certificate to be forwarded to the office upon completion). There will be a full ban (for the entire season) for the second offence. Offences will be reported to our 1st Vice Amanda McKenzie , ketchie81@hotmail.com and the offender will be notified via email.

CVMHA will uphold these requirements to ensure our youth are able to play hockey and enjoy a season with a proper game schedule and the closest to "normal" play possible. This will mean that some parents are not able to be in attendance due to an inability to receive their vaccinations or by personal choice. While these choices will be respected, we will be unable to bend any rules unless a medical exemption is able to be obtained.

For those that sneak into arenas the same rules will apply.

Simply put: If you are not prepared to wear a mask, and show your vaccine passport when asked, please do not attend.
