SUBJECT: BULLETIN: 2025 - 26 Minimum Suspension Guidelines - Minor/Women and Girls

Please ensure every participant registered to your team, league or association are made aware of this bulletin. The following minimum suspensions may not be reduced; Associations and Leagues may strengthen any of the listed infractions at their discretion. These guidelines represent all categories of Minor hockey and all divisions of Women and Girls' hockey, within BC Hockey.

Hockey Canada has updated the Playing Rules for the 2024-2026 seasons. The updated rulebook can be found on the Hockey Canada mobile app (available in the apple or google play stores) or by way of this [PDF](#) edition. Furthermore, this [VIDEO](#) summarizes the changes the playing rules, Hockey Canada's 'Points of Emphasis' and outlines the focus on Rules 11.1 & 11.2 within Section 11 'Maltreatment.'

I. GAME INCIDENT REPORTING PROCEDURES

Officials must submit reports by way of the Hockey Canada Game Incident Report (GIR) system, available via their Spordle account, for all infractions listed below and as incurred during BC Hockey sanctioned games. Where two (2) Referees (4-official or 2-official system) were assigned to a game, the Referee or Official responsible for making the penalty call requiring a game incident report must submit the report. If a report is required for an infraction that was brought to the attention of a Referee by a Linesperson, the email address and phone number of the reporting Linesperson must be included in the Referee's report.

Reportable Incidents:

- a) Game Ejections: Head Contact Rule 7.6 (a) & 4.8 (b) ii.
- b) All Game Misconducts
- c) All Match Penalties
- d) All Gross Misconducts
- e) All infractions and allegations under Rule 11.4 - Discrimination
- f) All infractions under Rule 11.5 - Physical Harassment of Officials
- g) Violations of Rule 10.8
- h) Any unusual situations that should be brought to the attention of BC Hockey

The online [Game Incident Report](#) platform is available via Spordle ([video tutorial](#)). Reports must be submitted no later than 8:00 a.m. on the morning following any game resulting in a reportable incident(s). Officials are encouraged to submit the online game incident report immediately after the game to prevent any unnecessary delays, when possible.

Game incident reports are confidential documents intended for administrative use only. While excerpts from a report may be quoted by discipline administrators when providing clarifications regarding disciplinary review, the original game incident report will not be provided to any participant's team, association or program. However, game incident reports may be provided (with reasonable redactions) should an incident qualify for an appeal or if required for civil litigation.

Should officials have questions please contact your BC Hockey officiating [Delivery Group Member](#)

II. HEAD CONTACT: MINOR & DOUBLE MINOR PENALTY ACCUMULATIONS

Accumulated minor & double minor penalty minutes in under Rule 7.6 (a) Head Contact will result in:

Rule #	Penalty Description	Minimum Suspension

	Incurring 32 minutes under Rule 7.6 (a), same season	1 Game
	Incurring 44 minutes under Rule 7.6 (a), same season	3 Games
	Incurring 58 minutes under Rule 7.6 (a), same season	Indefinite (3 games) **
4.8 (b)	Game Ejection under Head Contact 7.6 (a) & 4.8 (b)	1 Game
	2 nd rule 7.6 (a) & 4.8 (b) Game Ejection, same season	3 Games
	3 rd or subsequent rule 7.6 (a) & 4.8 (b) Game Ejection	Indefinite (3 games) **

*The player is not suspended but must complete the education module below before continuing participation

**Indefinite suspensions shall be no less than the games indicated in the parenthesis & may require investigation.

NOTE: Accumulation totals in this section will reset to 0 – minutes prior to the start of minor championships.

Head Contact Education Module:

- 1) Review head contact educational [VIDEO](#) (approximately 12-minutes).
- 2) Complete [VIRTUAL EXERCISE](#), with a minimum confirmed score of 12 / 16.
 - Enter full first & last name, then enter the 'access code' **2025**
 - Be sure to keep your 'return code' so you can re-access the module if needed.
 - Upon completion, provided the score to the applicable discipline administrator.

III. MAJOR & GAME MISCONDUCTS (NON-FIGHTING)

Game Misconduct penalty infractions occurring in the last ten (10) minutes of regular playing time or overtime, will result in an additional automatic one (1) game suspension, under rule 4.8 (c).

NOTE: When an official's report indicates that an otherwise minor or double minor penalty was upgraded to a major penalty due to an apparent 'injury' and also indicates that the 'injured' player '**returned to the game**'; discipline administrators have the discretion to forego the application of any prescribed supplemental minimum suspension(s). In such cases, the major penalty and game misconduct may be removed from the official game record and replaced by the applicable minor or double minor penalty. Any changes to the game record shall **NOT** alter the final score. The player must serve a prescribed minimum suspension in accordance to the infraction(s) documented on the original game record, until otherwise notified by a discipline administrator. Such administrative discretion will **NOT** be applied if the official's report indicates that the major penalty was assessed based upon any criterion of '**degree of violence**,' regardless as to whether the injured player returned.

 - Be sure to keep your 'return code' so you can re-access the module if needed.
 - Upon completion you will be provided a score, that must be sent to the discipline administrator that provided the notification of suspension.

VI. MATCH PENALTIES

All Match penalties are classified with minimum sanctions in accordance with resulting injury.

Note: When a referee report indicates that an 'injury' has occurred as a result of a Match penalty and the report also indicates that the injured player '**returned to the game**'; discipline administrators have the discretion to apply the minimum suspension under the 'no injury' guideline category, as outlined in the chart below. Should the referee report indicate that an 'injury' has occurred, and it also indicates that the injured player **did NOT return** to the game, then the discipline administrator will apply at least the minimum suspension within the chart below and may inquire with the injured player's team as to the extent of any applicable injury for further additional considerations.

Rule #	Penalty Description	Minimum Suspension	
7.1 (c)	Attempt to injure (when no injury results)	3 Games	
7.1 (c)	Deliberate Injury	Indefinite (6 games)**

***Progressive infractions for multiple infractions in a season under rule 11.3 (c) specifically results in two (2) additional games for the 2 nd & 3 rd offence.			

VII. SERVING OF SUSPENSIONS

1. GENERAL

- 1.1. All discipline applied in accordance with any prescribed minimum suspension(s) within these guidelines **are NOT subject to appeal.**
- 1.2. Suspension notifications are distributed by the applicable BC Hockey Discipline Task Group Member or District / League discipline administrator to the President of an MHA or the primary operator of an accredited school or minor hockey program. Suspension notifications are to be distributed to the applicable team for provision to the suspended participant and are intended to remain confidential to those individuals, for privacy purposes. However, should an incident resulting in supplemental discipline in accordance with these minimum suspension guidelines qualify for video review, appeal or civil litigation, the suspension notification and game incident report may be provided as required.

Due to variables within playing schedules there may be a time-lag between the conclusion of a game and the distribution of an applicable suspension notification(s). However, it is the responsibility of team officials to be aware of and comply with all applicable minimum suspensions prescribed within this bulletin and ensure they are served immediately, regardless of receiving such a notification. If there are ever any questions about whether a suspension is applicable, a team official should contact their league administrator immediately prior to a participant playing in any subsequent game(s).

Distribution of suspension notifications serve as confirmation of prescribed suspensions. Notifications may also include suspension conditions that exceed the prescribed minimum(s) outlined within this bulletin, at the discretion of the discipline administrator. Team officials should

also be aware of the historical discipline status of all participants on their team, particularly relating to any progressive suspension criteria that may be applicable, as result of repeat offences within a season by the same player, as outlined within this bulletin.

Participants must ensure that they comply to all prescribed suspension(s) within this bulletin as incurred during any sanctioned BC Hockey, Hockey Canada or IIHF Member Federation game. In addition to any prescribed suspension(s) within this bulletin, BC Hockey participants must comply to any suspension(s) within another Hockey Canada or IIHF Member Federation's suspension guidelines that may otherwise differ or exceed those outlined within this bulletin, should the game in which such an offence occurred take place under that other Member's jurisdiction.

- 1.3. All 'indefinite suspensions' may be investigated or reviewed by the applicable discipline administrator to determine the appropriate suspension duration. Investigations may include but are not limited to; requests for written statements, phone or virtual interviews, educational training, or a formal hearing etc. Any participant under 'indefinite suspension' is deemed ineligible to participate in any sanctioned games until a decision has been rendered and any applied suspension has been served in full. Infractions listed as an 'indefinite suspension' may not be applied in a length less than the minimum listed within this bulletin.
- 1.4. All suspensions within this bulletin are prescribed in accordance with Hockey Canada's minimum guidelines and are not to be reduced. BC Hockey discipline administrators have the discretion to strengthen any suspension according to the severity of the related infraction(s). The BC Hockey Membership has strengthened some minimum suspension standards within this bulletin in accordance with authorization outlined within Hockey Canada's Minor / Women and Girls' Minimum Suspensions Bulletin point #1.
- 1.5. All suspended participants are prohibited from participating in any BC Hockey / Hockey Canada sanctioned games in any registered capacity for the duration of their suspension.
- 1.6. Multiple suspensions to the same participant must be served consecutively.
- 1.7. Suspensions commence immediately upon the conclusion of the game in which the infraction(s) occurred.
- 1.8. Suspended participants shall not be permitted in the dressing room one (1) hour prior to or one (1) hour after the scheduled time of any BC Hockey / Hockey Canada sanctioned games. Suspended participants may attend sanctioned games for the purpose of spectating, unless otherwise noted in the original notice of suspension. Suspended participants must not attempt to direct their team in any manner or disrupt the game or participants they are spectating, while under suspension.
- 1.9. Participants may practice and train with their team(s) during the term of a suspension in non-game / competition programming, unless otherwise stated in the suspension notification.
- 1.10. Participants are permitted to register for and attend any Hockey Canada training or certification programs while under suspension, unless otherwise noted within the suspension notification.

- 1.11. All player or team official suspensions may be served in accordance with the following chart in a format of either 'games' or 'days,' expiring upon whichever is satisfied first, notwithstanding the carry-over guidelines in part 2 of Section VII.

Minimum Suspension in Games	Minimum Suspension in Days
1 Game	7 Days
2 Games	10 Days
3 Games	15 Days
4 Games	21 Days
5 Games	25 Days
6 Games	30 Days

NOTE: When a suspension is applied beyond six (6) games, all additional games shall be served at a ratio of 1 game to 7 days.

NOTE: For the purposes of applying a suspension measured in days:

- Suspensions will commence at 12:01 am on the day following the disciplinary infraction.
 - Suspensions will expire at midnight on the date of expiry.
- 1.12. All suspensions must be served in accordance with the schedule of the team to which the participant received the original suspension(s); primary, affiliate or dual registered team. Therefore, participants are not permitted to count games from multiple teams towards the serving of a suspension. Exhibition, regular season, tournament and playoff games may count towards the serving of a suspension. In the case of exhibition games, only those exhibition games scheduled prior to the date of the original infraction resulting in a suspension shall be eligible to count towards the serving of a suspension. Therefore, any exhibition games added to the schedule after the original infraction will not count towards the serving of a suspension. Games that are rescheduled, cancelled or postponed during a period of suspension may only count towards the serving of a suspension if they are played to a final result. Any player receiving a suspension while participating with an affiliate team shall have the number of games served towards the suspension deducted from the number of games that they are permitted to participate in under their affiliate status with that team during that season.
- 1.13. Any participant incurring a suspension while participating with a 'tournament team' may serve their suspension with that tournament team and if necessary complete their suspension with their club team should the suspension carry over beyond the conclusion of the tournament in which a suspension occurred.

Subsequently if a participant incurs a suspension with their club team but is dually rostered to a tournament team (prior to the suspension), the participant may serve their active suspension in accordance with the tournament team's schedule upon the participant taking a leave from their club team to join the tournament team. A suspension will only be deemed 'served in full' should the participant serve all outstanding games associated to their suspension in accordance with the tournament team's schedule and they then participate in at least one (1) game with the tournament team upon the expiry of the suspension prior to re-joining their club team.

- 1.14. Should a minor / women and girls' hockey participant be suspended with a team in a junior or senior category of play, then the corresponding suspension must be served in accordance with the suspension guidelines of that junior or senior league and the participant will remain ineligible with their minor / women and girls' team until the suspension is served in full.

2. Carry-over Suspensions

- 2.1. **Winter Break:** Suspensions in effect upon the conclusion of the final exhibition, league, playoff, or tournament game prior to the pre-scheduled 'winter break' are considered to be in a 'carry-over' suspension status. Such suspensions shall pause upon the last date of the schedule prior to the winter break for the applicable team with which the participant was suspended, and the suspension shall recommence upon the first scheduled exhibition, league, playoff or tournament game following the winter break period (after December 25). Therefore, all days during the winter break will **NOT** count towards the serving of a suspension in accordance with the games-to-days ratio chart.
- 2.2. **End of Season:** Suspensions that have remaining days or games of ineligibility upon the conclusion of a participant's current season shall be considered in a 'carry-over' suspension status. Such suspensions shall pause upon the completion of the last exhibition, regular season, playoff or tournament game of the current season until the start of the next season. The continuation of such carry-over suspensions may be served as follows:
- 2.2.1. The start date of the next season shall be in accordance with the first scheduled exhibition, regular season, or tournament game for the minor hockey team to which the suspended participant is registered to for in the following season. Should the participant not be registered with a minor hockey team for the following season, then the start of the following season shall be in accordance with the first scheduled exhibition, regular season or tournament game of the junior or senior team (including Hockey Canada sanctioned adult recreational leagues) that the participant is registered with for the following season.
- 2.2.2. Should a participant not register the for the following season in the same participant capacity (e.g. player re-registering as a player) to which they were originally suspended, their carry-over suspension may recommence in accordance with the schedule of the team they are registered with, in a different participant capacity (e.g. suspended as a player and registered the following season as team official). In cases where the participant is not registered to a team (e.g. player or team official) but is still a participant with BC Hockey / Hockey Canada (e.g. on-ice official), their suspension shall recommence upon the first available game at any category of play that the participant is eligible to participate in (as an on-ice official), at the start of the following season.
- 2.2.3. Should the team to which a participant is registered to for the following season not have any sanctioned games prior to September 30, then the participant's suspension will recommence immediately upon September 30, unless the BC Hockey Member Minor District or League has an earlier established start date. Therefore, no carry-over suspension shall recommence later than September 30.
- 2.2.4. Notwithstanding the above, should a suspended participant have an opportunity to participate in BC Hockey / Hockey Canada sanctioned games during post-season programming (e.g. spring or summer), the carry-over suspension may recommence upon the start of that post-seasonal schedule. Shall the remainder of the suspension be served and that suspended individual participate in at least one (1) sanctioned game during the post-seasonal schedule after such expiry, then the suspension will be

considered 'served in full'. BC Hockey sanctioned spring and summer programming includes any sanctioned games that occur between April 1 and July 31 annually, unless the current season programming has extended beyond April 1.

2.2.5. Suspensions that cannot be served in full due to the conclusion of a player's final season of minor hockey eligibility (graduating due to age limits) the suspension must be documented on the participant's HCR profile with an 'indefinite' end date. The prescribed suspension may be served upon any future sanctioned participation, in any registered capacity, prior to reinstatement. Future administrators may have discretion as to whether they request clemency of a carry-over suspension that would have been served within a single season's schedule but was not due to the participants original graduation from programming and the lapsed time between registered participation is deemed significant or excessive in relation the conditions of the original infraction.

2.2.6. Should the duration of any prescribed minimum suspension be updated in manner where it differs in the following season's edition (enhanced or reduced), the suspended participant will be required to serve the carry-over suspension in accordance with the minimum established standard(s) within the season in which the original infraction occurred.

3. **Affiliate or Dual Registration Participation:** Any participant affiliated to or dually registered with multiple teams may serve the remainder of a 'carry-over' suspension in accordance with their affiliate or dual registered team's remaining schedule within the current season, under the following conditions:

3.1. Should the team with which a participant received a suspension no longer have any sanctioned games remaining within the current season, a participant may serve the remainder of the suspension with their other team(s), under the condition that they participate in at least one (1) game with their other registered team prior to the conclusion of that current season.

3.2. A suspended participant is permitted to practice or train with an affiliate or dual registered team(s) while under a carry-over suspension status, unless otherwise indicated within the original notice of suspension.

4. **Tryouts:** Players under 'carry-over' suspension status shall be eligible to participate in 'tryouts' that occur between the conclusion of the current season and the start of the next season, for the purpose of player evaluation for future playing opportunities.

4.1. Tryouts pertain to programming being offered by any BC Hockey registered team or Branch program [including the Program of Excellence (POE)].

4.2. 'Try-outs' also allow the suspended participant to participate in any sanctioned exhibition games during the 'try-out' evaluation period. Therefore, a player may participate in exhibition games during the 'try-out' period while under suspension, unless the suspension occurred during that same 'try-out' period.

4.3. Should a team choose to roster a participant that has a carry-over suspension during the 'try out' period the participant's suspension may recommence immediately, as the remaining exhibition games during the 'try out' period are no longer relevant to that player's selection to the team.

- 4.4. Should a player have a 'carry-over' suspension with more than six (6) games remaining upon the start of the try-out period, approval is required from both the Minor Discipline Coordinator and or the BC Hockey CEO in order to permit their participation relating to exhibition games that are part of the 'try-out' process.
5. **On-Ice Officials:** Any on-ice official that receives a suspension under BC Hockey Policy (Officiating) shall also be prohibited from participating in any other capacity (e.g. player or team official) in sanctioned games for the duration of the suspension. Furthermore, any participant suspended in accordance with this bulletin as a player or team official shall also be suspended as an on-ice official for the duration of the sanction. It is the responsibility of the participant to inform the relevant officiating administrator(s) of any suspension received under this bulletin. Should a participant be suspended as a player or team official and have a subsequent game(s) scheduled as an on-ice within 24-hours of the suspendable infraction, officiating administrators have discretion to allow the participant to fulfill their immediate officiating assignment, should their removal result in the potential cancellation of the game.

Hockey Canada Officiating Program (HCOP) Minimum Suspension Guidelines

Warnings may be issued in writing by an Officiating Delivery Group Member where applicable. It is reasonable for an initial warning to be issued upon the first offence of any situation under Category 2, while all subsequent offences should result in the prescribed minimum suspension outlined below. All Warnings are to be reported to BC Hockey Referee in Chief and the offending official's MHA President, Referee in Chief and / or game assigners.

As per the BC Hockey Regulations, the following **MINIMUM** suspension guidelines will be followed where an allegation is founded (substantiated):

OFFICIATING PROGRAM MINIMUM SUSPENSION GUIDELINES	MINIMUM SUSPENSION
Category 1	
Conduct unbecoming of an official (not otherwise covered below)	Indefinite
Excessive use of profanity or inappropriate language in an abusive manner	7 days
Detrimental comments towards Officials or Members of Hockey Canada	7 days
Discriminatory comments [e.g. Rule 11.4], including on social media	30 days
Category 2	
Failure to report for an assignment / no-show	7 days
Failure to submit a Game Incident Report	7 days
Tardiness (late for assignment)	7 days
Cleanliness, inappropriate attire or non-approved uniform	7 days
Accepting assignment(s) with implications of nepotism, without approval	7 days
Non-compliance to Hockey Canada rules or procedures (excluding judgement errors)	7 days
2nd offense of any of the above, in the same season	14 days
3rd or subsequent offenses of any of the above, in the same season	Indefinite

Category 3	
Reporting to an assignment while intoxicated by drugs or alcohol	Indefinite (no less than easy14 days, if founded)
Physical contact or excessive force with a player, coach, spectator or official	
Officiating while not certified	
Officiating at a category without appropriate qualification, without approval	
Officiating non-sanctioned games or events	

A sanction beyond the minimum prescribed suspension may be applied, when more severe consequences are deemed necessary. The intent of these guidelines is to provide consistent standards and advise officials of the possible consequences for inappropriate actions or the neglect of their responsibilities.

An Official with a suspension that carries over past the final game of a season shall be permitted to attend an HCOP certification clinic, for purposes of preparing for the subsequent season. However, while under suspension the official will be prohibited from upgrading to a higher level of certification within the officiating pathway or participating in games until the suspension has been served in full. The application of suspensions that carry over from one season to the next will follow principles within these guidelines, as outlined for players and team officials.

6. **Video Review:** Please see [BC Hockey Policy](#) B.03 'Video Review Policy' regarding the video review process. Of note, video review is not a form of appeal but rather the provision of information to the applicable administrators to clarify the application of rules during an incident in accordance with the criteria of the previously mentioned policy.
