
Registration Remains Open for Alberta Soccer – Phase 2: Return to Modified Game

Registration is still open and available for any groups that wish to partake in sanctioned soccer training and exhibition games. For more information on how to get involved, review the [June 24 Membership Update](#) on the CUSA website.

There have been no changes to [cohort size restrictions](#) to date so we are asking teams and clubs to start looking forward to Indoor soccer and what that might look like.

All athletes are restricted to one sport Cohort

Based on current messaging, it is anticipated that the restriction of one Cohort per individual will remain in place for winter sports. We are asking that all players and coaches start thinking about what their program in will be.

- Men's Boarded Soccer
- COED Boarded Soccer
- 8v8 Boardless Soccer (Men's)
- Futsal (Men's and Women's)

Players, if you typically play on multiple teams in the winter, it is likely that you will need to pick one. Coaches are able to be part of multiple Cohorts provided they socially distance in the Cohorts that they are coaching.

We hope everyone is staying safe and getting outside to soak up the Vitamin D while we still can. Any questions can be directed to info@cusa.ab.ca.
