Introduction

1. This Code describes and categorizes varying infractions by degrees of severity and then outlines the penalties applied to such infractions. Not all infractions may be listed specifically; however, infractions of similar intent and/or consequence will receive like suspensions.
2. The Discipline Committee shall have the authority to apply additional sanctions or suspend any portion of a suspension, fine, bond or other discipline action at their discretion. The Discipline Committee has the right to uphold or decrease the suspension, fine or bonds applied under the Discipline by Review process, and in extraordinary cases increase the penalty according to the circumstances and severity of the incident. However, please note, in challenging a Discipline by Review decision, the participant is giving up his/her opportunity for a one game reduction in suspension (in lieu of the right to challenge the decision).
3. The Discipline Committee may reduce any fine or suspension which a party would otherwise receive, if the Discipline Committee, acting reasonably, determines that the behaviour of the party subject to review was primarily defensive.
4. Decisions of the Committee are based on the preponderance of the evidence- that being just enough information to make it more likely than not that the alleged misconduct occurred. This preponderance is based on the more convincing evidence and its probable truth or accuracy, and not on the amount of evidence.
5. Misconduct, as defined by the Discipline Code Sections, may be adjudicated either by Review (CUSA administrator) and/or by Hearing (Discipline Committee) as follows:

Discipline by Review (DBR)*	Discipline by Hearing (DBH)
A (1-5)	A (6)
B – I	J, K
L, M, O (1-16 19)	N, O (17 &18)
P, R, T – W	Q, S

*Any misconduct can be forwarded directly to the Discipline Committee at the discretion of the Administrator

PART I PARTICIPANT / TEAM INFRACTIONS

At the time of ejection

1. Ejected players must be out of the line of sight of the referee and/or not in a position to influence or interfere with game or team officials, or participants from the match.
2. Any player/participant given an ejection for an incident either prior to the start of the game, during or after the conclusion of the game must surrender his/her card to the game official forthwith.

When and where to serve a suspension

3. Suspensions must be served immediately after the infraction
4. For an individual to have served a game suspension, their team must “physically” play a League or Cup game, or an Association scheduled Tournament game without their services. Suspensions can only be served on the team the player is registered to.
5. Suspensions shall be consecutive between seasons. Cautions accumulated in a single season, shall be nullified at the end of the season (except when it is the third caution in the last game of the season). Suspensions carry into the next season played.
6. A suspension earned in CUSA is to be served exclusively in CUSA, unless otherwise specified (such as a suspension from ‘all of soccer’). A concurrent suspension in another league is at that league’s discretion.

Participants in CUSA receiving a suspension totaling two (2) or more games will be assessed an additional minimum \$15.00/game fine.

During a suspension

7. Any participant under suspension for any of the Sections contained herein shall not involve themselves with the game in any manner, other than as a spectator. They shall not enter the dressing room or sit on the bench. The exception shall be those suspended players in possession of valid ID card as a team official.
8. Team officials, while suspended, are not allowed in any way to influence, or be perceived to be influencing, the outcome of the game, including but not limited to, talking to players advising of such things as positioning on the field, calling for substitutions, or meeting with player(s) before or during the game.

When registered as both a player and a coach

9. Participants registered as both a player and a team official, who receive a suspension as a team official, are not eligible to participate in soccer related activities (see definitions).
10. Participants who are registered as both a player and a team official and who receive a suspension as a player are still eligible to participate as a team official.

First time offences, Repeat offences, Severity of incident

11. For first-time offenders only, the Discipline Committee may hold over a portion of the suspension for up to 24 months. These games will be added to future discipline outcomes if the individual receives another suspension within the next 24-month period.
12. Repeat offences for players refer to any offence which occurs within Sections A, C – J within 24 months. Repeat offences for teams refer to any offence that falls within any of Sections O (15-19), Q, R., or S within 24 months.
13. The severity of the incident and any past record held by the individual may result in an increased suspension and/or penalties.

Financial

14. Participants receiving a suspension totaling two (2) or more games will be assessed a minimum \$15.00/game fine in addition to any suspension. Additional fines and bonds may be levied.
15. Additional games may be served In lieu of fines. One (1) additional game must be served for every \$15.00 in fines owed. Either the fine must be paid in total or games served for the total fine owed. Players must seek approval from the League in advance to be able to serve games in lieu of fines. Games in lieu of bond payment are not acceptable. Additional fines in lieu of games will also not be accepted.

Other

16. For any suspension involving six (6) or more games (Section G or higher infractions only), the participant often must successfully complete a District Referee course within a 12-month period or pay a performance bond of \$500.00 or perform 25 hours of volunteerism acceptable to CUSA. Unless specified otherwise, volunteer service within a soccer environment is not acceptable except when it relates to any fundraising or other activities within CUSA where volunteers are required i.e., Casino volunteer. Any player who does not complete the above requirement within the specified time and who does not play for the following amount of time from the date they last played will be allowed to return.
 12 months 24 months 36 months other _____
17. If a red carded player chooses not to make an appointment with the Discipline Committee, the player accepts any discipline received less one (1) game, with no reduction to any fines received. In the case of

a one (1) game suspension, there will be no reduction in games suspended. Players not making an appointment forfeit the right of appeal.

18. Registered minor players red carded while playing up, will be suspended on a time basis in which a one (1) game suspension will be equal to a one (1) week ban from playing up, i.e., 4 games equal 4 weeks.
19. Suspensions and/or monetary penalties for team officials may be doubled, as team officials carry a greater burden of responsibility in their leadership role.
20. When a suspension is combined with a fine, the suspension may be prolonged until any fines and/or bonds have been paid in full.

Interpretation

Q Consideration by the Discipline Committee is to be given to the fact that except in cases where fans impede upon the field, there is little that a team can do to control a fan. That means that if an official removes a fan or has security remove a fan then it is not an issue for which the team bears any responsibility. Unless certain criteria can be established i.e., the fan has a relationship to the team i.e., father of player, and unless the team is in a position where they can influence the behavior of the fan i.e., fan standing beside the bench, the team cannot be held responsible for the behavior of the fan. However, generally teams should still be advised that they are responsible so that where possible they influence their fans to behave in an acceptable manner.
