What is a Vulnerable Sector Police Information Check?

Individuals who have jobs, or volunteer where they are in positions of trust or authority over children or other vulnerable persons, may be required to obtain a Vulnerable Sector Police Information Check. Children are defined as anyone under the age of 18. Other vulnerable persons are people who, because of their age, disability or other circumstance, are more vulnerable than others. More information can be found at [EPS](#).

A Vulnerable Sector Police Information Check consists of the following:

A check of local police records to determine if a pattern of behavior exists that may result in harm to vulnerable persons.

A check to determine if the applicant has received a record suspension or pardon for sex offences.

Complete the [Police Information Check application](#) ensuring that all spaces are completed, or a line is drawn through those not applicable. Grey sections of the application are not to be completed.

Attend the Devon RCMP detachment with the required valid identification and photocopies of the same identification. The photocopies must then be signed and verified by proper personnel. The officer must also witness your consenting signature on the application form.
