

## **Parental Request for Underage Player Movement**

This document is to be used whenever a parent requests that their son or daughter be allowed to be evaluated for a team as an underage player. This document must be accompanied by a “Coach’s Request for Underage Player Movement” form.

These two documents are to be used in cases where a parent and previous season’s coach feel that the player has exhibited such exceptional skills, leadership qualities and maturity that the player would have a good chance of making and fitting in with the team that they wish to be evaluated for.

It is the parent’s responsibility to sign this form that recommends that their son or daughter be allowed to be evaluated for a higher team as an underage player. This is not to be taken lightly, as the player’s safety and future development are also at stake. This form should be accompanied by a brief letter stating why you feel that your son or daughter is sufficiently developed that they would fit in physically, mentally, socially and that they have the exceptional skill level needed.

I, \_\_\_\_\_, would like to request that my son/  
daughter \_\_\_\_\_

be allowed to be evaluated for the \_\_\_\_\_ team as an underage player. My letter of explanation is attached. I have also received, and attached, the “Coach’s Recommendation for Underage Player Movement” form which has been signed by my son’s/daughter’s coach from last season.

Signed: \_\_\_\_\_
