

## **Edson Prospects Baseball Underage/Overage Policy**

In instances where a parent wishes to register their child in a division above/below their birth year category, certain guidelines must be met and adhered to.

1. During evaluation night for the selected division the player must attend and complete evaluations for the desired division. EPB evaluators will assess the player based on ability, safety and projected development within the selected division. EPB will then approve or deny the player for play in the selected division.
