

Hello,

Fall 2020 will see the start of all our Fall Programing and Rentals. This letter will contain the guidelines that all rentals will be required to follow due to the limitations that COVID-19 puts on our ability to function normally.

It is important to mention that we are taking every precaution necessary to ensure the health and safety of our employees and customers by closely following the social distancing rules and restrictions issued by the responsible authorities, adding personal protection equipment, and implementing strict hygiene measures. The health and safety of our employees and customers remains our top priority.

Given the changing nature of the situation, we ask that each rental keep up to date on the COVID requirements themselves as different sports and activities have different guidelines. The following are the ones that as a facility, we must abide by:

**General:**

- To reduce congestion, we will not be allowing spectators enter The Dome for our rentals.
- Teams/individuals should arrive no more than **15 minutes** before the designated time of their booking and will not be given access to the fields until their rental time.
- We have implemented a stringent cleaning program at The Dome for all entrances and washrooms.
- We will always have our air circulation and purifying system on Maximum.
- All participants will be required to sanitise or wash their hands before entering The Dome structure.
- Each rental will be responsible for COVID screening their participants according to the current Alberta Health requirements.
- All persons entering The Dome must follow all posted signs and notifications within The Dome property.

**Personal Hygiene Requirements:**

- Bring your own water container and take it with you when you leave.
- All personal items must remain with the individuals and taken when they leave
- No food or drinks are to be shared by anyone, including teammates and those within your cohort
- Upon entry and exit of the facility you will be required to wash your hands and we ask that you do not touch your face while at the facility.

### Facility Use Modifications:

- On the fields always keep 6ft distance from other rentals.
- Rentals must limit their participants to 25 people per 7v7 field (1/4 field).
- All participants must walk along the edges of the fields and never through a field to ensure proper spacing from other cohorts.
- Rentals must stay within their designated rental space and not allow any of their participants onto other fields. The Dome staff reserve the right to ask people to leave should this not be followed.
- All equipment used (excluding nets) must be returned to the field boss desk to be cleaned when finished.

**Change Rooms** will remain closed at this time for rentals.

If you have any questions, please contact us at [info@thedomereddeer.com](mailto:info@thedomereddeer.com)

Sincerely,

Noah Welch,  
President/GM
