How to do this:

Under Dashboard - Click on League Games tab
Find your current game: Filter Game information at the top of the page, click View
Your scheduled game will show below

Click on the head icon to the right: View Team Roster Photos

This will bring up the ID Cards for the players who are currently register on your team roster.
- If a player is not listed or doesn't have a photo beside their name, then they are NOT eligible to participate in the game. Contact your Club Registrar to look into the issue.
