To: All Ice Rental Contract Users

As we start another season of ice rental contracts, we wanted to remind you of the following rules for the East St. Paul Arena:

- User groups have access to the dressing room 30 mins before and after their allocated ice times.
- Users are not allowed to enter the ice until the Zamboni is off the ice and the door is fully closed.
- Dryland training is not permitted in the Arena. (No ball or stick/puck warm up)
- Loud music is not permitted during other user's ice time. Music is to be played only in dressing rooms.
- Consumption of alcohol, smoking and chewing tobacco is not permitted.

If you have any questions or concerns regarding the information outlined above, please feel free to contact recreation@eaststpaul.com
