

Futbol Club Regina

Adult League Out of Town Scheduling Policy

Purpose

This policy provides guidance with respect to scheduling games for teams from outside of Regina and surrounding district.

Definition

A team is considered to be out-of-town if 75 percent or more of its registered players reside farther than 75 km from Regina.

Policy

For application of this policy the out-of-town determination will be made the day before scheduling starts and will be based on the team's roster at that time. Application of this policy requires all games to be played on suitable fields within the category 1 radius.

Category 1 Teams - Teams within a 75-kilometer radius of Regina

These teams are considered to be based in Regina. No special considerations will be made with regards to scheduling dates and times. However, if the jurisdiction the team is from has suitable fields the FCR Administration may make use of them and schedule no more than half of a team's games on these "home" fields.

Category 2 Teams – Teams within a 75 – 120 Kilometer radius of Regina

For these teams no special consideration will be given regarding game dates but the FCR Administration will attempt to schedule games after the first time slot available on a given game day.

Category 3 Teams – Teams outside a 120-kilometer radius of Regina

These teams will have games scheduled on Sunday late afternoon or early evening. Particularly during the Indoor season these teams may be asked to play 2 games every second Sunday.

There will be no consideration for alternate game days and times for playoffs or Cup tournament games.
