

DRESSING ROOM POLICY

The dressing room policy is an important tool for creating a safe and welcoming environment in communal changing areas. It can help to foster a culture of respect, inclusivity, and privacy, while also ensuring that everyone feels comfortable and protected. The purpose of this policy is to ensure that everyone in the space feels comfortable, safe, and respected while changing their clothes and into their uniforms. We please ask that you comply and respect the the following rules:

- Dressing room keys will be available 30 minutes before your game and must be returned within 30 minutes of the end of your game.
- Ensure that all garbage, tape, and recycling is cleaned up. If you find your room is not clean upon entering, report to the facility desk immediately to ensure your team is not held responsible for the mess.
- There is absolutely no alcohol allowed in the dressing room area. There are no exceptions. Alcohol can only be purchased and consumed in the lobby and spectator areas of the AffinityPlex.
- The dressing room area is for players and team personnel of assigned teams only.

Failing to comply with dressing room policies may be subject to fines and loss of dressing room privileges. Fines start at \$200 per infraction.
