

The goal of FC Regina, through its Evaluation process, is to allow players to be placed on teams with players of similar ability. We do our best to ensure that all players receive an equal opportunity for selection to the teams. The evaluation process consists of 2-3 phases of assessment opportunities, consisting of scrimmages and a Pre-Season Evaluation Mini round robin tournament based on the number of registered players and facility availability.

*Each evaluation session will have a minimum of 3-4 evaluators based on number of athletes per age group.

*Players will be notified of team placement within 7-10 days after the conclusion of the Pre-season tournament.

THE EVALUATORS WILL FOCUS ON THE FOLLOWING CRITERIA:

- ➔ Ability to control the ball with all parts of their body
- ➔ Movement with the ball under control and at speed
- ➔ Defend and Attack with good awareness, patience and technique
- ➔ Players that make good, early decisions with and without the ball that show game understanding and tactical awareness
- ➔ Involve teammates in the game rather than doing everything themselves
- ➔ Have the fitness, speed, coordination, and strength to play at the highest level
- ➔ Stand-out qualities: a player who possesses exceptional skill and unique game qualities, i.e., Strong in a specific position or role

PLAYER SELECTION:

Player selection is also based on an ongoing evaluation for players that have been with the club for multiple seasons. The Indoor season will be used as a continuation for evaluation for outdoor team selection. Consistent scouting of players throughout the year will be done by the FCRegina coaches and Technical Staff.

Team/League format will be determined by numbers and ability of players specific to each age group.

Once players are notified that they have been selected for a team, they must respond within 48 hours if they are accepting the position, otherwise, they risk losing their spot.

All players selected to the team must be willing to give a full commitment to the team that they are selected for.

The commitment level and time will be set out by the Head coach/FCR Club of the respective team during evaluations. If players are unable to meet the commitment level, they must let the Head Coach of the team know during evaluations.

The timeline for team selections will be determined by the FCR Club and Technical staff. The date will be posted on the FCR Website

Players should know that the goal of the evaluations is to find the ideal playing level for all players so that they can enjoy the game and develop as much as possible throughout the various age/divisions within FCRegina

Players should also remember that Evaluations are different from their regular training sessions. There will be minimum coaching to allow players to freely express their abilities on the pitch.

PARENT EXPECTATION:

At the evaluations, it is the parent's job to ensure the players arrive on time and with the required equipment (boots, shin pads, jacket, water, etc) they will need.

Parents must also respect the work of the volunteers and evaluators and allow them to do their work without unnecessary intrusion. Parents will be asked to keep to the designated perimeter of the field(s) to keep the evaluation area as clear as possible for players and evaluation staff. Parents should not shout instructions or coach their child during the evaluation process.
