

COACHES! Your NCCP status(es) might be expired!

You won't have to re-take the coaching courses, but you will need to work on some Professional Development (PD) and get points and renew your status(es).
Until you get enough points you are ineligible to coach.

Note: many coaches who have a CSI (U10, U12B/C) status expiring are only coaching at the CI (U12A, U14, U16, U19) level and do not need the CSI status. While we recommend renewing anyway, it will not affect your ability to coach at a CI level if your CSI expires.

Remember: Your ALL-TIME points (as shown on the coach.ca home page) are not important. Only the points that are accumulated during the 5-year cycle of a status count towards its renewal.
Go into your profile and check the certification tab.

101 ALL-TIME POINTS~~

To make sure, log into your www.coach.ca locker account and check your transcript.
If you see this, it means you need more points:

If you have all the points, then come the expiry year, you will automatically renew.

Other options, many are in-person courses:

- Any other NCCP multi-sport modules: Planning a Practice, Mentorship, Basic Mental Skills, Psychology of Performance, and many more (check the coach.ca calendar)
 - In-person workshops offered by the NCCP or partner organizations (<http://coach.ca/partner-directory-s16628>)
- [Canadian Association for the Advancement of Women and Sport](http://www.caaaws.ca) (CAAWS) is one of those partners and they have some interesting and informative courses.

You can also self-declare points for years of active coaching. In your locker account, under the certification tab, click on the self-report whistle – you can claim 1 point per year during the 5-year cycle of a coaching status.
