1.0 Purpose

To highlight how the Fort Saskatchewan Ringette Association (FSRA) selects players for the upper tier teams.

2.0 Scope

This policy applies to the FSRA Executive Board.

3.0 Policy

- 3.1 Teams will be selected using the rankings generated from the Player Evaluation Process.
- 3.2 Team levels for each division (U10-U14) will be determined using the UAA rankings as per RAB’s guidelines.
- 3.3 Team sizes will be determined by the association based on balancing the number of players among the levels in each division accordingly prior to team selection.
- 3.4 Where it has been determined that there will be a higher level team, the following team selection process shall be used:
 - 3.4.1 70% of the team roster will be filled by the top-ranked athletes as per the player evaluation. For example, if a team is of 11 players, the top 8 players in the evaluation rankings will be placed on the higher-level team.
 - 3.4.2 The balance of the higher-level team’s roster will be chosen from the remaining players by the Head Coach of the higher-level team; however, unless there are extenuating circumstances, there should be no players selected from the bottom 40% of the evaluation rankings.
 - 3.4.3 Once the higher-level team’s roster has been filled, the Head Coach will present their roster to the Team Selection Committee.
 - 3.4.3.1 If the selections to the higher-level team respects the Team Formation Policy (3100) and selection guidelines, the Team Selection Committee will approve the selections.
 - 3.4.3.2 If the selections are outside of the guidelines in 3.4, the Team Selection Committee will request justifications for the selections and may include interviews with the players as well as coach interviews. Approval by the Team Selection Committee will not be reasonably withheld.
 - 3.4.3.3 The Team Selection Committee’s decision based on the justification may be appealed by the Head Coach to the Executive Board, following the standard appeal process.
 - 3.4.4 Once the roster of the higher-level team has been approved, the next team down in level repeats the process with the remaining players still ranked by their evaluation rankings.

- 3.5 If there are multiple teams at one level in a division, the following process will be used:
- 3.5.1 Where there are a sufficient number of registered players for two or more teams of the same level in the same age division, every effort will be made to ensure equality between the teams in terms of roster size and skill level.
 - 3.5.2 Upward or downward movement from other tiers within a division in order to meet roster requirements may be permitted in order to ensure equality between same tiered teams, at the discretion of the Division Coordinator and of the President, under recommendation from the Director of Player/Coach Development.
 - 3.5.3 Player selection between same tiered teams will be done through team draft supervised by the Player/Coach Development Director and/or the Division Coordinator and players will be drafted by the head coach of each team.
 - 3.5.4 Any disagreement between the coaches, will be resolved by the Player/Coach Development Director and the Division Coordinator.
 - 3.5.5 If deemed necessary by the Director of Player/Coach Development, President, and the Division Coordinator, the prospective teams will play two equalization games to ensure equality between them and will direct changes to the rosters if required.
- 3.6 All rosters (ex. A, B and C teams) will be released in parallel by division once the process and all selections have been completed.

1.0 Purpose

To outline the rules that the Fort Saskatchewan Ringette Association (FSRA) adheres to when a player has a special request, as well as to limit these requests and ensure they do not interfere with FSRA's goals of creating balanced teams.

2.0 Scope

This policy only applies to the placement of players within the same level within a division.

3.0 Policy

- 3.1 Special requests are generally not encouraged, though FSRA does recognize that they may occur.
- 3.2 Each player is limited to one special request per season.
- 3.3 Requests must be submitted prior to the start of the evaluation process. Special considerations may be given to new registrants who join after the team formation process has ended.
- 3.4 Each request must be submitted by the parent or guardian of the player or players involved in the request. No further requests will be considered.

3300 - PLAYER MOVEMENT

Created: March 1, 2022	Last updated: March 8, 2022	Approved: April 10, 2022
------------------------	-----------------------------	--------------------------

Ver no.	Effective Date	Significant Changes
1.0	April 10, 2022	<ul style="list-style-type: none">Creation of policy guiding FSRA's position and process on requests and recommendations for player movement outside of their age division, within FSRA's programs.

1.0 Purpose

To define the process to request the movement of a player above or below their division as defined by their biological age and Ringette Alberta's age divisions.

2.0 Scope

This policy applies to all player movement (up or down) for all divisions/levels within FSRA. Player movement may be initiated by members but may also be requested by FSRA's Executive Board in the best interest of the association.

3.0 Policy

- 3.1 This policy is intended to deter player movement between divisions outside of the Ringette Alberta divisional policy. Exceptions will be considered in rare cases and must meet the criteria outlined in this policy and must adhere to Ringette Alberta and BGL/BGL policies.
- 3.2 Requests to move more than one tier or division higher or lower than the player's appropriate age group will not be allowed.
- 3.3 Player movement decisions must be made at registration with communication to the Player/Coach Development Director who will then inform the appropriate Division Coordinators.
- 3.4 For a move up in division requested by a member, the player must evaluate in the top 15% of athletes in the desired division based on the same evaluation criteria applied to all other athletes of that division.
- 3.5 For a move requested by a member to move down a division to be considered, the following criteria must be met:
 - 3.5.1 The player has no or limited playing experience.
 - 3.5.2 There is evidence or it can be substantiated that playing in the age appropriate division will be detrimental to the player's development or confidence.
 - 3.5.3 The athlete must not evaluate above the 50% median with their UAA score when comparing to the lower age division.
- 3.6 For a move requested by a member to move down a division to be approved by the Player/Coach Development Director and Division Coordinator, it must adhere to Ringette Alberta and BGL Policies.
- 3.7 The requesting members must be informed that if the request is approved, it will allow them to compete in league play but may not necessarily make them eligible to participate in provincials or provincial qualifying play downs or tournaments outside of BGL/BGL scope of approval. In these cases, tournament organizers must grant permission for an overage player to compete.
- 3.8 FSRA recommended player movement to a division may also be considered when there is a need and the following prioritized criteria will be used:
 - 3.8.1 Recommended player movement will only be considered if it is in the best interest of the player's development and of FSRA.

3.8.2 Consideration of recommendations will follow the same guidelines as RAB's Player Affiliation Policy.

3.8.3 These moves will be approved by the Player/Coach Development Director, Division Coordinators, and the affected members.

3.8.4 Members reserve the right to decline the recommended player movement.

3.9 Any approved player movement is valid only for the current season. For each successive season, a new application must be received with the same criteria applied to the request.

1.0	March 12, 2019	Creation and approval
1.1	April 10, 2022	<ul style="list-style-type: none">Update number of players to affiliate to seven (7)

1.0 Purpose

To outline the rules that the Fort Saskatchewan Ringette Association (FSRA) follows in regard to allowing teams to receive FSRA players from the same age level or lower and handling those players.

2.0 Scope

This policy applies to the FSRA in situations when there are not enough players available to fill a team's roster for games. It is meant to serve as a supplement for Ringette Alberta's Player Affiliation Policy.

3.0 Policy

- 3.1 After teams are formed and before the start of the season, each team's coaching staff drafts an affiliate list of seven (7) players from teams of the same age division or division deemed appropriate by Ringette Alberta. The parents and/or guardians of each player must agree for their player to affiliate with a team. The affiliate list for each team is then submitted to Ringette Alberta by the Registrar.
- 3.2 If sufficient numbers are not available to field a team for specific games, the coaching staff of the affected team may ask the players on their affiliate list to fill the vacancy for that game. This will be done only after all player movement from upper and lower levels within FSRA is complete.
- 3.3 There is no guarantee that the affiliate player will participate in any games or practices with their affiliate team as that decision is the coach's.
- 3.4 FSRA coaches are responsible for sharing and picking affiliates from the available pool of players. It is recommended that the coaches select affiliates from more than one team when possible.
- 3.5 Inviting the affiliate to games and practices will be at the affiliate team's coaching staff's discretion, though permission must be obtained from the affiliate player's parent and/or guardian and head coach.
- 3.6 An affiliate player may serve on a maximum of two teams: own, and one affiliate team. The affiliate player's first loyalty will be with their own team and may only attend games, practices, or tournaments with the team they are affiliated with if there is no conflict with a game, practice, or tournament with their own team.
- 3.7 An affiliate will not be brought up to play at the expense of a full-time player. However, a coach can bring an affiliate in order to bring the team's numbers up to the level required by Ringette Alberta. In those cases, the affiliate is entitled to the same amount of ice time as the other players at the coach's discretion.
- 3.8 While FSRA recommends that affiliates are rotated for each game, it is up to the discretion of the affiliate team's coaching staff.
- 3.9 Failure to comply with this policy will result in discipline as per the Discipline and Complaint Policy (#1610). Any disputes that have been caused by an affiliation request must be brought to the attention of the Vice-

President.

- 3.1 FSRA participates in the allocation process with the City as part of their Ice Users Committee, with two members of the Executive Board claiming membership on the committee.
- 3.2 With FSRA's allotment of ice from the City of Fort Saskatchewan, FSRA is responsible for providing the Black Gold League ice for game scheduling according to their scheduling requirements and distributing the remaining ice times to FSRA teams for practices.
- 3.3 In an effort to maximize both player development and competitiveness FSRA will use Ringette Canada's Long Term Athletic Development framework and Athlete Development Matrix as guidelines for the distribution of ice to the teams. Principles of this framework will be applied to teams as:

Team Level	Minimum Ice Sessions per week *	Home Ice Sessions per week (LTAD)**	Proportional Percentage of Ice Allocation per division (LTAD) ***	Minimum Off Ice Practices Per Session
Active Start / U10 Step 1	1-2	2	16.7 %	-
U10-S2 / U10-S3	2	3	25.0%	-
U12B/U12C/U14B/U14C/U16B	2	3	25.0%	As Determined by team staff
U12A/U14A/U16A	2	4	33.3%	2

(Apply a weighted average depending upon the number of teams to assign each team their proportional value of ice following the LTAD)

*Will consist of one practice and one game. Game ice may be as a visitor to an ice surface outside of the City of Fort Saskatchewan.

**Additional costs incurred may require additional registration fees

*** Proportional Percentage of ice allocation per division is reflective of the number of teams that register at each division of play.

- 3.4 In order to accomplish this fairly and equitably, all available ice slots will be evenly distributed between

undesirable and desirable ice. This includes early morning and late evening ice times if presented for use by the City. The proportional distribution of desirable and undesirable ice times will be equal among all teams regardless of team level.

- 3.5 The flexibility of the process will mean that a team could end with multiple ice times one week and only a single the next. All ice allocations are tracked and by the end of the season, all teams should have been allocated their proportionally equitable allotment of ice.
- 3.6 Full ice practices will only be allotted to teams who compete on full ice surfaces. However, not all practices for teams who compete at full ice will be on full ice.
 - 3.6.1 Teams may obtain their own ice at a cost to the team independently and external to the award of ice by FSRA.
 - 3.6.1.1 Ice obtained using 3.6.1 will not be at a cost to FSRA and all costs and agreements will be solely the responsibility of the team.
- 3.7 Ice that is not used will either be considered for a practice slot for a team still in contention or be returned to the City as unneeded ice.
