1.0 Purpose

To outline how the Fort Saskatchewan Ringette Association (FSRA) Referee-in-Chief (RIC) will schedule evaluations for its registered officials.

2.0 Scope

This policy applies to the RIC and FSRA-registered officials.

3.0 Terms

Formal Evaluation – The main purpose of the evaluation is to bring the official's attention to strong areas that must be maintained, as well as areas which require improvement. The secondary purpose is to give the RIC a record of the official's abilities so he or she can select the best official for a given situation. These evaluations are submitted to Ringette Alberta, who then submits the data to Ringette Canada.

Evaluator – An individual who is trained by Ringette Alberta to assess an officials competency. They do not work for the FSRA, though Zone 5 Ringette does compensate them for their services.

Informal Evaluation – A feedback concept defining strengths and weaknesses that is not submitted to Ringette Canada.

4.0 Policy

4.1 On a seasonal basis (including tournaments and regular season games), all officials shall undergo at least one formal evaluation.

4.2 Evaluations will be schedule by FSRA RIC for U14B and lower divisions and by the NARRA assignor for U14A and above.

4.3 The evaluation shall be conducted by an evaluator and shall adhere to Ringette Alberta's forms and guidelines for evaluations.

FORT SASKATCHEWAN RINGETTE ASSOCIATION

4.4 Evaluators will submit evaluations to the RIC for their records. If an evaluation occurs outside of FSRA RIC assignments, officials being evaluated should provide a copy to the FSRA RIC.

4.5 Informal evaluations and discussion should be done on an ongoing basis.
