

Recreation Vaccine Card Plan

Community Services – October 15, 2021

By order of the Provincial and Regional Health Officers, proof of two-doses of COVID-19 vaccination is required to access some events, services, and businesses. All people accessing City facilities must follow the requirements outlined in the Provincial [Face Coverings](#) and [Gatherings and Events Orders](#), as well as the [Northern Health Gatherings and Events Order](#).

Proof of Vaccination

- Proof of full vaccination is required for some programs and services beginning October 15, 2021
- People aged 18 years and older are required to produce one piece of photo identification with their Vaccine Card
- For ease, patrons accessing City programs may give consent at the time of registration to note proof of vaccination on your ActiveNet account

Where Proof of Vaccine is Required:

- When attending adult or mixed-age (adult and child) programs and events
- When spectating programs, sporting events, and practices
- When entering concession seating areas in all buildings
- When volunteering (not officials/coaches) for programs and events

Where Proof of Vaccine is NOT Required:

- Organized sport and programs for children and youth
- Officials and coaches facilitating child and youth programs, sporting events, and practices
- Public swimming, skating, and Northern Vac Track services
- Before and after school programs
- Teachers and instructors providing education activities
- Language and employment courses and training
- Government activities and services
- Flow through events with a safety plan and controls to prevent congregation

Spectators

- All spectators 12 years and older are required to show proof of vaccination in order to enter seating areas
- All adults are permitted to enter the building and assist a child in getting ready for their program

Programs & Bookings

- People 12 years and older registering in City programs are required to show proof of vaccination upon registration
- Users booking City facilities are responsible for verifying proof of vaccination for their participants
