If Association uses a RAMP WEBSITE:

If your Association already uses a RAMP website, you can sync your league schedule, standings, and statistics to your team microsite on your local association website by using the following process:

1. Login to your Association team website and click on the "SETTINGS" tab.
2. At the bottom of the page select from dropdowns our league "Greater Edmonton Lacrosse or GELC", then the current season, division, and team. Below this add your "GELC" User Name and Password provided above and click "Save Settings"
3. Once you click "Save Settings", go to the bottom of the page and if you already have added your roster to your Association team microsite, you can now select your players and move this player information to the League. This way you do not need to re-add information to the league that you have already added to your Association team microsite. You can now get automatic league schedule and statistics directly to your Association team microsite!!! Additionally, you can fill out league Game Sheet summaries from your Association login.
