

Hello Coaches, Team Staff, Volunteers, & Parents,

The Grande Prairie Minor Hockey Association (GPMHA) is proud to present the 2023/2024 development vendors that GPMHA athletes will have the ability to utilize throughout the season. As this list of vendors grows so does the diversified hockey resource base our teams, managers, coaches, volunteers, parents & athletes have access to. Please take the time to review the vendor list below as there is a wide range of backgrounds including athlete sports psychology, on & off ice skills, conditioning and off ice training, power skating, and goaltender specific training. The GPMHA development committee believes this is a great opportunity for our local GPMHA athletes to get access to an array of excellent resources to help them develop as athletes and people on and off the ice.

For development inquiries please feel free to contact the GPMHA Office at (780) 539-6177. All additional development inquiries please feel free to contact Development Committee Members Ben Radke 780-532-5709, ben.radke@gmail.com Brett Stephenson 780-402-1039, tech@gphockey.com

Thank you for your countless hours of hard work and dedication for the development of our athletes and young people in the Grande Prairie & Peace Region. We wish you all the best in the 2023/2024 Season!

Kind Regards,

GPMHA Development Committee

ATHLETE FITNESS

Champion Gym Hockey Boxing Athlete Fitness/Personal Training

Biography/Information:

Dryland Training

Champion Gym covers all your dryland training and self-defence, for in and out of the game. Our training methodology is perfectly suited to the fluid movements that sports demand. Demands that treadmills, weights, and other linear training methods can't meet. Your players require multi-dimensional power throughout the synergists to execute seamlessly throughout all points of the game, not just planar motions along prime movers. Rather than the typical robotic, linear approach to training muscle, we strengthen movement through an organic training philosophy that integrates higher speeds, reaction/response reduction and a complete range of motion used to produce our regional to world-class athletes.

Champion dryland gives the opportunity to gel teams through challenging work in a positive coaching environment. We engage with the athlete, as well as the coaches to create the best training environment possible that is well paced and sustainable.

Champion also understands that wildcard elements like goons, enforcers or a hostile opposing team can take even your best players focus off their game when it matters most. We put all that anxiety back on the other side through solid work and defense tactics that will leave their players in the penalty box and yours, playing. This 'boxing' part of the intense physical conditioning will also keep your players protected and immune to issues that a disciplined athlete might attract through their success.

Coach Travis Fowler

Travis has been involved with hockey all his life. After playing he moved on to working for The National Hockey Training Centre, the San Antonio Rampage as well as operating his own office conditioning schools. As a karateka, he began studying martial arts as a teenager, beginning in the karate style of Wado. He loves helping people change their lives with fitness training. Travis is the proud father of his young son, destined to follow in his fathers' footsteps.

Cost: Determined by session

JANINE SHILLINGTON - OWNER, HEALTH, PERFORMANCE COACH

There is a secret to success, happiness, wealth, and longevity. The secret to living a successful life, in my opinion, is being physically active. I believe that everybody, no matter their age, gender, or race needs to train. It is something you cannot speak of, only feel when you experience it. As a trainer it's my job and my goal to help make you succeed in your goals. It is my job to guide, teach and tell you everything I know to help you achieve things you have never thought you could do! I want to show you the miracles, the body transformations, the success, the happiness that comes from within. Let me share this secret with you.

ERNIE STEWART - OWNER, HEALTH, PERFORMANCE COACH

Ernie is not new to the hockey world and has extensive experience in training for the sport. His philosophy stems from an athletic background, as well as through his extremely high value on continuing education. Ernie's hockey experience comes in the form of competing his whole life, all the way to the Minor Pro level. Ernie believes that a major separation from an average to above average coach is a balanced experience in both the practical and academic aspects of performance training. Ernie seeks to find out the "why" behind training principles, as well as seeking continuous insight through personal experience. Ernie enjoys traveling to various courses and seminars to further his knowledge in Strength and Conditioning. Ernie believes in an individualized approach to performance training, as no two athletes are the same. Through constant assessment he can design effective programs that cater to everyone's specific needs. By properly assessing an athlete's movement, there is insight to be gained on how an individualized program will lead to a better athlete on the ice. Ernie has written programs and ran training sessions for various levels of athletes, including NHL, Minor Pro, College, Junior, Minor Hockey players. When Ernie is not studying or coaching, he enjoys his own training in the gym to analyze specific philosophies, and further his practical knowledge.

Wholy Strong Health & Wellness Athlete Fitness/Personal Training

Biography/Information:

My experience working with youth athletes, I was able to accommodate with rental space through my fitness business Wholy Strong Health & Wellness. Since then, I have grown strictly by word of mouth and referral business from other coaches, parents, and fitness participants. With the help of my husband who is a former competitive Junior hockey player, we also can baseline fitness test teams to create a progressive program for young hockey athletes.

The list of sport teams that I have trained are as follows:

- *Speed Revolution Youth Triathlete group -2018
- *Celtic Academy- 2018-2019
- * GP Piranhas swim club- 2018
- * 2008 youth Grande Prairie minor hockey team - 2018
- * 2008 youth AAA junior Storm spring team- 2019

Plus, I am a certified personal trainer/ nutritional coach/ and group fitness instructor. I have a variety of certifications and references from previous sports groups that I have dryland trained which include:

- * Fit Chicks Academy Fitness & Nutrition Expert Program (also accredited & recognized through Canfitpro personal trainer certificate)
- *AFLCA group Fitness instructor
- * Level 1 Fitness Kickboxing
- *ACE CECs Nutrition Coaching
- * ACE CECs Training Youth Athletes

Among these courses and credits, I have abstained since 2018, I also have a completed.

- * Social service vulnerable child record check
- *RCMP criminal record check
- * Emergency 1st Aid & CPR/AED Level C

In addition, I feel its important for potential clients and organizations to know that I have current insurance for my business of operations and hold a valid business licence to conduct my business of nature in the City of Grande Prairie.

I am a wife & mother of 3 boys (13,10,8), and truly feel fitness and wellness my calling and purpose. I have insight into training young athletes because I am a mother of young athletes. So, I understand the emotional and physical needs of these young athletes. I also believe they need just as much if not more emotional/ nutritional support during their training season. this will optimize these athletes' performance and mental capacity through their season.

Cost:

My rates for sport specific dryland training are:

*\$10 per athlete--min 10 to a max of 20 athletes.

*Nutritional seminar available.

Mastro Fitness Group Strength & Fitness Training

My name is Tyson Mastrodimos, and I am a certified personal trainer local to the area. I'm the owner-operator of Mastro Fitness, a specialized fitness training facility for youth athletes. I create all my sports development trainings with a focus on excellence, personal accountability and being the hardest worker on the field. If there is one thing I've learned from operating True North Grit (football camps) it's that there are not enough dry land training opportunities for young athletes in this area. To help fill that need I have designed a new youth group athletic development program that translates to ALL sports not just football.

The list of sport teams that I have trained are as follows:

- *GP Broncos.
- *PWA Athletic Academy.
- *GP Figure Skaters.
- *American Ninja Warriors

Introducing Mastro Fitness GP Youth Athlete Group Training Program:

- *This program was created with the vision that teams that work together during off time win together come game or match time.
- *Offered 2 days a week, you choose which days of the week that work best for your players-Sooner the better!
- *Workouts take place at our Mastro Fitness Facility, east of Whispering Ridge.
- *Facility includes full gym, green space, and paved area-good for group workouts. We are the only fitness facility in GP to offer cold plunge for recovery and building mental toughness.
- *Registration includes 10 one-hour sessions @ \$25/athletes per session, cost drops to \$15/player if more than 8 athletes sign up. Can accommodate 20 players per group.
- *The Off-Season Training Option includes an emphasis on developing strength and explosiveness.
- *The In-Season Training Option includes an emphasis on maintaining muscle and injury prevention.
- *We utilize group workouts to help deepen sport development understanding and build team chemistry.
- *As a certified personal trainer I'm happy to work with coaches to create workouts custom tailored to addressing and resolving athletes' current needs and problem areas.
- *These programs are very popular with the kids. I guarantee your players will enjoy their first session or I will refund the registration fee!

GOALTENDING

Integrity Goaltending Development- Ryan Zahara

Goaltending instruction

Bio/Information :

Mission Statement: To assist in cultivating and fostering a lifelong love of the game.

Philosophy: The simple, yet sobering fact is this: only 1 in about 4000 kids will play NHL hockey. That's one quarter of one tenth of one percent. To call it a long shot would be a gross understatement. If that sounds bleak and depressing, I have good news! Your child has a 100% chance of becoming at least one of the following: spouse, parent, employer, employee, co-worker, community member and contributor to society. Team sports have been proven to provide children with the skills necessary to develop into effective purveyors of the above underlined. Skills such as discipline, hard work, sportsmanship, fair play, cohesiveness, and leadership all contribute to healthy, well rounded, and productive adults. Integrity Goaltending Development's paramount focus is to develop those skills. In this day and age of so many distractions and pressures on our children, how do we keep the passion alive so that we foster that lifelong love of the game? I believe it comes down to two things: 1) Hockey, first and foremost, needs to be FUN!! 2) We, as coaches, need to build CONFIDENCE in our children by providing them the tools they need to feel successful both ON and OFF the ice.

I believe the best way to achieve the aforementioned goals is to adhere to the following principles: *

- * Drills that have easily-remembered names
- * Repetition that doesn't FEEL like repetition
- * Progression of recognized drills
- * Focusing on age-appropriate movements
- * Setting realistic goals
- * Encouraging a "goalie fraternity", where goalies of all ages and teams support each other
- * Building core strength and dexterity
- * Emphasizing essential skills vs. refinement
- * Unique teaching methods (i.e. integrating various objects into drills, special races, etc.)

ACCEL Goaltender Coaching & Training – Brandon Wells

Brandon Wells – Brandon is currently an Assistant Coach and the Goaltending Coach for the Junior A Storm. Brandon is originally from the Peace Country and played three seasons of Junior A across Western Canada and then four years at Plattsburgh State University (NCAA Division 3).

Contact Information:

Brandon Wells

(780) 864-8422

b.wells3497@gmail.com

NME Goaltending – Nic Melnychuk

I am a goaltending coach currently living and going to school in Grande Prairie. I recently played for the North Peace Navigators of the NWJHL. I have coached for the past 4 years mostly in Peace River but also in Whitecourt and most recently in Edmonton where I ran a goalie camp for the R&R Empowering Society of Alberta and did goaltender development for Next Level Athlete in Spruce Grove.

I am interested in working with teams/goalies in Grande Prairie Minor Hockey. I am available to come to practices in the evenings and work with your goalies to help improve their games this season.

My goalie training philosophy is movement, motivation and mindfulness. Movement applies to working on ice to improve skills, positioning and movement, motivation applies to putting in the work off ice and mindfulness applies to the mental prep part of the game. I am an invested coach that works on all aspects of a goalies game rather than just one part.

The cost to have me out to practices is \$30 for 1 goalie or \$50 for 2 goalies. This comes with my mentorship for the goalies I work with as well as worksheets to help them with dryland and mental training.

If you are interested in having me come out to your practices or think that goalie parents would be interested in having me work with their goalies, please feel free to reach out to me through this email or call/text me @ 780-286-4207.

Contact Information:

Nic Melnychuk

(780) 286-4207

Casey Van Beekveld – Goalie Coach

As a goaltender coach my philosophy is to be flexible enough to adapt to the different challenges posed by each stage of development. Special attention must be given to age-appropriate training, skill acquisition, and the introduction of complex goaltending techniques.

A goalie coach plays a big role in shaping the technical, tactical, physical and mental attributes of a goaltender. Adding to my philosophy and ideas around development I hope to create an environment that fosters skill development, strategic thinking, resilience, and mental toughness.

I intend on providing this by developing technical skills, such as positioning, rebound control, crease movement, and tactical understanding of the game, including reading plays, communication and decision-making.

I believe that the alignment of my coaching philosophy and with the broader goals of Hockey Canada's LTPD we can produce goaltenders that will thrive at the highest levels of the sport.

POWER SKATING AND SKILLS

Blades Of Steel Ltd. – John Dunphy Skills/Power Skating Instructor

Biography/Information:

Players need to be given the opportunity to develop his/her skill level in a structured learning environment that constantly challenges the athlete while providing both encouragement and support. Each individual needs to develop their core skills constantly to provide them with a solid base as they progress in their sport. Players will benefit when exposed to challenging drills that require effective decision making and precise execution under pressure. The repetitiveness of these varied drills during practice helps develop competency and confidence in the athlete.

When dealing with highly motivated and committed athletes the level of individual communication is important, giving them the opportunity to provide input to help deliver the program that is specific to their development. I believe if you can set some short-term goals in consultation with the athlete this will provide them with direction and motivation that will help to keep them on task. This will help each player grow in the sport of hockey and in life.

Coaching & Teaching Experience

- Lead instructor and owner of Blades of Steel Hockey Development for the past 17 years
- Skill Development and Power Skating Lead Instructor
- North American PeeWee AAA Spring Hockey Head Coach
- Toronto Redwings AAA GTHL Minor and Major PeeWee Head Coach

Power Plus Hockey Skating Inc. – Tanya Chomyc Power Skating & Skills Development

Biography/Information:

Playing Experience:

I have been involved with the game of Hockey since my early days playing Minor Hockey in Wembley and Grande Prairie. Following Minor Hockey, I attended the University of Calgary where I played on the University of Calgary Women's Dinos Hockey Club for 5 seasons while completing my Kinesiology Degree. It was an excellent experience working with great players, coaches, and be a part of a National Championship program.

Coaching Experience:

- Worked as Instructor Power Plus Hockey Skating for Over 15 Years.
- Owned/Operated Power Plus Hockey Skating For 7 Years.
- Coach PCFAC Midget AAA Girls Program (2014-2018).
- Instructor Black Elk Hockey Camp 5+ Years.

Achievements:

- Canada West Champion (2012) and silver medalist (2013)
- CIS National Champion (2012) and silver medalist (2013)
- Captain, U of C Dinos - 2 years (2011-2013)
- Canada West nominee for the Marion Hilliard Student-Athlete Award (2013)
- Bachelor of Kinesiology in Mind Sciences (BKin, MNSC)
- 5-year player with the University of Calgary Dinos Women's Hockey team (1 year Alberta Colleges Athletic Conference (ACAC), 4 years Canadian Interuniversity Sport (CIS))
- Played for the Northern Alberta Allstars in Edmonton for three years and travelled with them to Europe
- ACAC Champion (2009)
- Captain, Grande Prairie Storm Midget AAA (2007-08)
- In 2005, joined the MJM Female Midget Storm of the Alberta Major Midget Female Hockey League
- Europe International Tournament (2005)
- Respect in Sport coaching certificate
- NCCP Level coaching certificate and the Hockey Canada Safety Program
- Power skating instructor for Black Elk Hockey School, 2008-present
- Power skating and skills coach for The Academy GP, 2013-present
- Coach, Advantage Hockey Academy (Helen E. Taylor School, Wembley), 2013-2014
- Extensive dry land training experience (Power Plus, Total Package)

Coaching Philosophy

As a Power Skating & Skills instructor it is of the utmost importance to me to emphasize player development that is appropriate to the age and skill level of the athletes I work with. I pride myself on working with athletes of both recreational and competitive divisions of Hockey and thoroughly enjoy the challenges and experiences the varying skill levels bring. At all levels it is my goal to promote a fun environment that challenges athletes to develop their skills and increase their enjoyment with the game.

Additional Staff Biographies:

Matt Chomyc

Matt was born and raised in Grande Prairie and spent his minor hockey career moving through the levels of GPMHA Novice hockey to GPAC Midget AAA. He has had a variety of playing experiences across Western Canada including playing Junior "A" hockey for the Yorkton Terriers of the Saskatchewan Junior Hockey League and the Calgary Canucks of the Alberta Junior Hockey League. Matt has a passion for working with young athletes and experience working in skill development, dry land training, and power skating. Matt's most recent hockey endeavor includes working with the Grande Peace Bantam AAA Storm as an assistant coach. Matt has Hockey Canada's Coach Level 1, Level 2, Respect in Sport, and Checking Skills coaching certifications. Matt enjoys working with the young athletes in the Peace Region. He is a strong believer in mental and physical development and preparation both on and off the ice. Matt enjoys working with young people, is a strong supporter of the development of the Peace Region's elite athletes and is committed to the ongoing development of local programs for Peace Region athletes.

Experience/Achievements

- Head Coach Grande Peace Bantam AAA Storm (2017/2018)
- Assistant Coach Grande Peace Bantam AAA Storm (2016/2017)
- Bachelor of Commerce in Energy Management (BComm, ENMG)
- Calgary Canucks AJHL (2011)
- Yorkton Terriers SJHL (2010)
- Princeton Posse KIJHL (2008/2009)
- Captain Grande Peace Midget AAA Storm (2006-2008)
- Western Hockey League Draft (Kamloops Blazers 2005)
- Alberta Cup 2005
- Grande Peace Bantam AAA Storm (2004/2005)
- Power Plus On Ice Instructor (2014-Present)

Cost: \$120/Hour + GST

SPORTS PSYCHOLOGY & MENTAL TRAINING

MMB Counseling - Matthew Bain Mental Performance Consultant

Biography/Information:

I am a certified Mental Performance Consultant with the Canadian Sport Psychology Association (CSPA) and a Registered Psychologist with the College of Alberta Psychologists. My academic background includes an undergraduate degree from the University of Alberta in Recreation Therapy, a master's degree in education, a master's degree in Sport and Exercise Psychology and currently in the process of a PhD in Sport Psychology with the University of Queensland. The focus of my dissertation is on motivation, high performance sport, and personality. I work with individuals, teams, and coaches at the local, provincial, national, and international levels of sport. I am also a Chartered Professional Coach (ChPC) with the Coaches of Canada and have been an NCCP learning facilitator for the Competitive-Introduction stream for Parts A and B. Lastly, have taught courses at the post-secondary level.

Perhaps most importantly, I grew up in the community of Grande Prairie, playing multiple sports before settling on football. I returned to the community following University and began coaching football and swimming before moving into academia for a period and beginning my own business. I understand the long-term athlete development needs and demands while also appreciating the challenges parents and coaches face in trying to maximize a positive experience for the young athletes today.

Michelle Blondin

M.Sc, BA., FHP(Dip).

Pursuing mental wellness, reaching your true athletic potential, or healthy lifestyle habits are journeys that take time and support. Michelle's greatest passion is guiding people seeking mental wellbeing, healthy lifestyle changes, or skills and tools to achieve optimal performance. She believes that mental wellness, physical activity, nutrition, and fitness are essential components of a person's wellbeing.

Michelle has an extensive background in sports and fitness. She has coached recreational and competitive-level athletes for over 20 years. Her love of coaching and athletics led her to enter the fitness industry in 2007. Since this time, she has instructed group exercise classes and coached one-on-one clients. She continued to expand her education and expertise to help people with their mental and physical wellbeing. Michelle completed a Master of Science degree in Psychology, BA in Psychology, and Fitness and Health Promotion diploma. Michelle's pursuit of ongoing professional development has led to both breadth and depth of applied knowledge meant to guide clients toward a balanced performance in their lives

Michelle's pursuit for excellence in mental performance heightened when she began competing in the Fitness division of bodybuilding at the international level. She realized that mental performance training is equally as crucial as sport-specific training and strength & conditioning. She would like to share the knowledge she has gained with other athletes and performers and work with them to find tools and build skills that will allow them to perform their best. Michelle is currently mentoring to become a Professional member with the Canadian Sport Psychology Association as a Mental Performance Consultant and taking steps to become a Provisional Psychologist

Cost: \$250/Team Session + GST

matt.bain@mmbcounselling.com

(780)505-2590

Soul Psychology – Sara Bawol

Sara Bawol is a Registered Psychologist who can provide mental skills training to hockey teams who are interested. The mental part of the game is just as important as the physical part of the game, if not more so. With a brief 1 hour presentation, she will teach players how to be mentally resilient when they make mistakes, how to attune to the game with focus and attention and how this brain training is pivotal to overall performance. She is also open to providing consultation with coaches to assess their team dynamics and needs from a mental health perspective.

In her private practice, she primarily focuses on treating anxiety, depression, and enhancing balance and wellness for individuals and families. She has over 18 years experience in the mental health field and has recently adapted an eye movement therapy (Accelerated Resolution Therapy) to enhance confidence and focus in young athletes.

As an athlete and hockey Mom, she is happy to share the psychology behind the game.

She has also volunteered in the manager role for minor hockey and has an active/clear criminal record check. She can provide 1:1 player support for performance enhancement as well.

Sara can be reached at 780-933-7719 or via email sara@soulpsychology.ca
