

THE GRANITE QUARRY

November 2020 Edition

A Note From the President

I'd like to say a thank you to the entire staff at the Granite for transforming the club this year into a safer and cleaner environment. Rick in particular has gone above and beyond to make sure the club is ready for the curling season, even making an instructional video for us! I'd also like to thank all of the curlers for following the guidelines that have been put in place. Wearing a mask and sanitizing your equipment doesn't just keep you safe, it keeps everyone at the rink safe. We are all in this together.

Through all of this I know that we can still have fun curling. Curling lends itself to social distancing better than most sports so these changes in the rules haven't changed the game at its core. I'm excited to get back out on the ice and get curling.

Finally I want to put a call out to anyone in the club with a desire to help out. The Granite Board of Directors is looking for new members and new ideas. The Board of Directors is an instrumental part of the curling rink that helps with fundraising and setting the overall direction of the club. If you have ideas that can help the club get through this difficult year please reach out to us, either by contacting Rick or contacting myself at jacobortt@gmail.com

Have a great season!
Jacob Ort

Manager's Corner

Hello Granite members welcome to the wacky new COVID world of curling this season. Thanks very much to everyone who have been doing an excellent job of following the new protocols to keep curling safe. I believe if we all stay diligent in following the AHS guidance we've instituted we can continue to enjoy the benefits of curling both socially and physically without any COVID coming into and getting shared at the club.

We are now fully under way and unfortunately we are down in virtually every league. This is having a significant impact on the clubs financial situation. So please keep visiting the Proshop, Lounge and Concession to help the club generate revenues to keep us going. Also please support our fundraising endeavors' throughout the season. Watch for the Granites 50/50 lottery coming very soon.

Have a safe season.

Thank You!!

The Granite would like to thank Jill Richard and Curling Alberta for all their incredible help in assisting clubs like ours to prepare for this unprecedented season of change due to the COVID pandemic. Their efforts in leading all the clubs to be able to provide a safe curling experience for all Alberta curlers is greatly appreciated.
