

HAWKS ATHLETIC CLUB
2019 - 2020
PLAYER RECOGNITION AWARD

DECLAN SIEVEWRIGHT

The recipient of Hawks Atom NW284 Player Recognition Award is ***Declan Sievwright!*** When I first met Declan at the beginning of the season, he gave an immediate impression that he may be a handful. Out of mutual respect, Declan set out to meet the expectations provided to the team at the beginning of the season. Full of energy you can see that Declan remained dedicated to learning the fullest fair play and respect delivered by the sport of hockey.

Teamwork was mandated and Declan was no exception; he asked questions on how to work with his teammates and how to support his teammates. He continued to respect the player responsibilities to help him understand teamwork through hard work. He accepted the challenges that suited his athleticism, he was high in energy, which demanded he use it to support his team.

Declan was a good sportsman, even when he got fired up during games where the opposition may have been verbally aggressive; Declan admitted to saying nasty things back but said it all in his head and went on playing with a positive attitude.

Overall, Declan entered the season with an energy that required a certain amount of attention, but he matured immensely through the year. Of all the qualities of the Hawks Player Recognition Award, Declan's growth in dedication, sportsmanship and respect made him the most outstanding and deserving player for Hawks NW284 2019-2020 season.

Congratulations Declan!

Atom - NW284 Hawks
