DROP IN ATOM SKILLS DEVELOPMENT SESSIONS WITH 200 HOCKEY

The North West Zone Hockey Development group is pleased to announce that for the 2019-20 hockey season, the Hawks Athletic Club and the Whitemud West Hockey Association have joined forces. Our goal is to bring the players in both clubs development sessions with high value and flexibility for families that have a variable schedule yet want the ability to continue with supplemental skills development for their players and goaltenders.

200 HOCKEY is an elite hockey development/training concept to help hockey players improve their skills, mental preparedness, fitness and over all game play. 200 HOCKEY's primary goal is to develop/train hockey players to better understand the 200ft game while achieving their true potential. Along with being a skills coach for several WHL, NCAA and NHL players Wade has won a WHL championship with the Kootenay Ice and a CIS championship with Alberta Golden Bears. For more information on 200 HOCKEY visit their website – [200 HOCKEY](#)

This development program will be open to our Atom age category exclusively:
