DROP IN WEDNESDAY PEEWEE SKILLS AND POWERSKATING W/WAYNE TROOCK

The North West Zone Hockey Development group is pleased to announce that for the 2019-20 hockey season, the Hawks Athletic Club and the Whitemud West Hockey Association have joined forces. Our goal is to bring the players in both clubs development sessions with high value and flexibility for families that have a variable schedule yet want the ability to continue with supplemental skills development for their players and goaltenders.

Wayne started coaching in 1996 when he took the head coaching job with his son's Whitemud West team. His coaching career has spanned over 18 years in minor hockey with Whitemud West, NWZ and the Canadian Athletic Club. He was head coach of Team Brick and Team Alberta and the former head instructor of the S4 Skills Development Program. A power skating coach and mentor coach for Hockey Edmonton among many other assignments.

His oldest son stopped playing at Bantam AAA due to some knee issues but soon followed in his father's footsteps and became a coach at the NWZ and CAC. Wayne's youngest son is presently playing in the ECHL with the Toledo Walley's. He played in WHL for Seattle Thunderbirds and was drafted to Dallas when he was 18.

"My coaching philosophy has always been about teaching the fundamentals and the development of the players in helping them reach their goals. I expect players to work too hard and be committed to improving every time they are on the ice. The fundamentals are skating, puck handling and Hockey IQ to be successful in this great Canadian game, not about how many goals or wins we have. Hard Work + Commitment = Success."

This development program will be open to our Pee wee age category exclusively:
