

Dear Halifax CITY Soccer Club and Dunbrack Soccer Club Members

We are thrilled to share exciting news with you.

Halifax CITY Soccer Club and Halifax Dunbrack Soccer Club have officially entered into a Memorandum of Understanding to collaborate and create an exceptional soccer experience for our AA and AAA players.

What's Changing?

Starting with the 2023/24 indoor season, players from both Halifax CITY Soccer Club and Halifax Dunbrack Soccer Club's U13-U18 AA and AAA programs at all youth age levels will be competing together under the banner of "Halifax FC".

Our Common Goal

The primary objective of the joint Halifax FC initiative is to elevate the caliber of programs offered by combining the resources of both clubs. Our hope is that our efforts will pave the way for a stronger player pathway and more fulfilling soccer experience for members of both clubs. By pooling our expertise and resources, we are committed to supporting players to their fullest potential, whatever that level may be.

Answering Your Questions

We anticipate that this venture might raise questions, and we're here to address them. To facilitate open communication and provide clarity, we are organizing a "Town Hall" event in the weeks. The final date and location details will be shared with you shortly.

Registration

For this Winter 2023/2024 season, players who are interested in playing at the U13-U18 AA or AAA level will register their interest with their parent club. We are finalizing the details on the trial process for the Winter with more information to be released later in the week.

In the interim, if you have specific inquiries, we encourage you to direct them as follows:

For **Operational Matters**, please contact:

Kieran Collins - Halifax FC Operational Lead, Email: kieran.collins@halifaxfootballclub.ca

For **Technical Inquiries**, kindly reach out to:

David McCarthy Halifax FC Technical Lead, Email: david.mccarthy@halifaxfootballclub.ca

This is just the first of a number of exciting announcements on this new venture, so stay tuned!
