

2024-2025 Hockey Edmonton SENIOR TIMBITS Divider/Flood Schedule

NEW THIS SEASON: ALL Timbits Sr games on Sundays will use the new foam pads the City has purchased instead of the board systems. The foam pads are much easier to move on and off the ice and will save time for set-up and take down.					
NEW LAST SEASON: To reduce the number of times the pads have to be moved by teams the Timbits Sr games may not have floods before and after the games. Check the schedule to see if pads need to be moved for a flood or not					
U9 games will still have a flood between each of those games					
- First teams on at the start of the U9 ice times will put the boards on the ice					
- At the conclusion of each U9 game BOTH teams will position the boards so the ice can be flooded					
- Teams coming on for the next game will reposition the boards for their game					
- At the conclusion of the last U9 game of the day BOTH teams will assist in removing the boards from the rink					
DAY	ARENA CODE	START	END	HOURS	DISTRICT/OPERATING AREA
CLAREVIEW ARENA					
Flood then pad setup (30 minutes)					
SUN	CVA	10:00	11:00	1.00	NEZ TIMBITS SR

Pad teardown then flood (15 minutes)					
SUN	TMW	11:45	??	??	OTHER HE ICE
Team Staff from all TIMBITS groups MUST assist in pad setup, move and teardown.					
This is a snapshot of a STANDARD weekend TBS schedule showing the extra times built in for setup/teardown of dividers.					
There may be a few (rare) deviations due to other events impacting ice times. Teams should check schedules each weekend.
