## **OVERVIEW**

1. For U11, the City will be divided into one zone for A and two zones for B and C.
2. The number of players on each team in a given Tier will be determined by registration numbers.
3. For determining the number of U11 A and B teams, the following grid will be used as a guideline:

<b>Total # of skaters registered for A</b>	<b>City Wide A</b>	<b># of skaters registered in a zone for B</b>	<b>By Zone B</b>
<b>&lt;330</b>	8	<b>&lt;90</b>	4
<b>331 – 365</b>	9	<b>91 – 115</b>	5
<b>366 - 400</b>	10	<b>116 – 135</b>	6
<b>401 - 435</b>	11	<b>136 – 155</b>	7

4. Evaluators will be short-listed coaches and independents. **Note for A and B, the coaches grades will account for a maximum of 40% of the final grade.**

## **PLAYER ELIGIBILITY**

1. Evaluations for U11 A, B and C are open to all U11 aged hockey players (male and female) that are, as per HRI regulations, registered with HRI and paid the appropriate evaluation/registration fee.

3. To be eligible for the U11 A or B team selection draft, all players must be registered for **and** attend the evaluations of that particular Tier.
4. Players must communicate their absence to the division director, prior to their assigned session. Failure to communicate their absence may make that player ineligible for the team selection draft.

3. The final appointed Head Coach shall be allowed to attend on the draft.
4. The drafting order will be randomly decided at the beginning of the draft. A reverse order format will be used.  
Example (assumes 4 teams):  
Goalenders: Round One: 1, 2, 3, 4. Round Two: 4, 3, 2, 1.  
Skaters: Round Three: 4, 3, 2, 1. Round Four: 3, 2, 1, 4.  
Round Five: 2, 1, 4, 3. Round Six: 1, 4, 3, 2.
5. The coaches' child shall be selected in the round that they evaluate out at.
6. A Head Coach will not draft the child of another Head Coach at the same drafting table.
7. Any discussion that takes place at the drafting table is done so in the strictest of confidence. Anyone that partakes in the drafting process shall not under any circumstances and in any manner communicate to any player including goalies or the parent of any player, any information related to the draft, final ranking, score and grouping of any player and/or goalie.

### **U11A**

1. Each player will be assigned a final ranking of 1 to 6 to the nearest decimal point that allows for a list of approximately the top 136 skaters and top 24 goalies (assumes 8 teams).
2. A coach will have the ability to draft any player in the top 136 skaters or 24 goalies. Note that any registered injured/absent player will be eligible to be selected at any time in the draft.
3. Skaters ranked 1-88 and goalies ranked 1-8 must be selected in the draft. This assumes 112 skaters and 16 goalies will be selected.

### **U11B**

1. Each player will be assigned a final ranking of 1 to 6 to the nearest decimal point that allows for a list of approximately the top 68 skaters and top 12 goalies (assumes 4 teams).
2. A coach will have the ability to draft any player in the top 68 skaters or 12 goalies. Note that any registered injured/absent player will be eligible to be selected at any time in the draft.
3. Skaters ranked 1-44 and goalies ranked 1-4 must be selected in the draft. This assumes 56 skaters and 8 goalies will be selected.

### **U11C**

1. Each player will be assigned a final ranking of 1 to 6, to the nearest decimal point.

2. Based on the final rankings, players will be grouped in flights of 'N', whereby 'N' is the number of U11 C teams in a zone times three. A coach will be able to select a player from the current flight only. When there are n players remaining in a group, then the next group of players will be introduced.

Example (Assume 4 teams):

Group A = 1 to 12

Group B = 13 to 16

Group C = 17 to 20
