2024 ARCTIC WINTER GAMES

1. Introduction

Technical Packages are critical guiding documents that assist Host Societies as they coordinate all sport competition (including competition formats, rules and procedures) and Mission Teams as they coordinate their teams' participation (including athlete eligibility, categories and team composition). Every Games' Host Society and Participating Unit's Mission Team, Coaches and Managers have an obligation to read and understand every aspect of the Technical Package. Should a need for clarification arise, questions should be directed through the Participating Unit's Chef de Mission for review and response by the Arctic Winter Games International Committee (AWGIC) Technical Director and Technical Coordinator.

2. Rules

This competition will be conducted under the <u>National Federation of State High School</u> <u>Associations (NFHS) rules</u> as published on January 1 of the year of the Games, except as modified by the AWGIC. The Host Society must advise Chefs on sanctioning and any related matters that might affect their teams.

3. Sanction

The competition will be conducted under the <u>rules and sanction of NFHS</u> as published on January 1 of the year of the Games, unless otherwise approved by the AWGIC. Where possible, the Host Society should explore sanctioning under their jurisdiction's sport governing body (e.g., Hockey Canada). Should a competition be granted sanction, the Host Society will communicate said sanction to all Participating Units, including the conditions of the sanction that may or may not differ from the International Federation's (IFs) rules and sanction.

6. Competition

Format

The competition shall take place abiding by the NFHS Playing Rules, as published on January 1 of the year of the Games. The competition format for each of the categories shall be recommended by the Host Society and approved by the AWGIC Technical Director and Technical Coordinator after participating Units have been consulted.

- a. Round Robin Competition Tournament Competition
 All games shall consist of three (3) periods of 20-minute stop-time, with a
 5-minute warm-up at the beginning of the game (10-minutes for medal rounds)
 and a 12-minute intermission between each period. If ice time is limited the
 AWGIC and Host Society will establish an alternate playing time requirement.
- b. Overtime Competition
 There shall be no overtime period to break tied games during round robin competition.
- c. Medal Round Overtime Competition Medal round overtime will be conducted according to the <u>IIHF Overtime</u> <u>Operations Procedure</u>, as follows:
 - In case of a tie at the conclusion of regulation time in a Relegation Playoff, Placement Playoff, Quarter Final, Semi Final and Bronze Medal Game, there will be a 10-minute sudden-death overtime period played after a three-minute intermission.
 - The teams will not change ends.
 - The overtime period shall be played with each team at the numerical strength of three (3) skaters and one (1) goaltender.
 - The team which scores a goal during this period is the winner.
 - If no goal is scored during the overtime period, there will be Penalty-Shot Shootout (PSS) according to the Penalty-Shot Shootout Procedure.

2024 ARCTIC WINTER GAMES

- In the Gold Medal Game, 20-minute sudden-death overtime periods will be played until the winning goal is scored. Between each period, there will be a 15-minute intermission during which the ice will be resurfaced.
- The overtime period shall be played with each team at the numerical strength of three (3) skaters and one (1) goaltender.
- The team which scores a goal in overtime is declared winner.

Penalty-Shot Shootout Procedure

If no goal is scored in the overtime period then the Penalty-Shot Shootout (PSS) procedure will apply. The following procedure will be utilized:

- Five different shooters from each team will take alternate shots, until a decisive goal is scored.
- If the game is still tied after five shots by each team, the PSS will continue with a tie-break shoot out by one player of each team, with a reversed shooting order. The same or new players can take the tie-break shots.
- The same player can also be used for each shot by a team in the tie-break shoot-out.
- Only the decisive goal will count in the result of the game.
- Shots will be taken at both ends of the ice. The area of the ice to be used will be dry scraped.
- A coin toss will determine which team takes the first shot, with the winner of the toss having the choice whether his team will shoot first or second.
- Any player whose penalty was not over when overtime ended cannot take the shots and must stay in the penalty box or in the dressing room.
- The goaltenders will defend the same goal, as in the overtime period. The goaltenders from each team may be changed after each shot.
- The players of both teams will take the shots alternately until a decisive goal is scored.
- Only the decisive goal will count in the result of the game. It shall be credited to the team that scored the goal and charged against the team that was scored upon.

d. Mercy Rule

At any point where the goal differential is seven (7) goals or more the remainder of the game may be played as running time. If the goal differential is reduced to six (6) goals or less the remainder of the game will be played as "stopped time".

In all Games where the final score spread is seven (7) goals or more, the winning team shall receive a +7 differential in the posted score and results regardless of

2024 ARCTIC WINTER GAMES

the actual score. The +7 differential will also apply to any tie-breaking situations that may arise.

e. Time Outs

Teams are allowed to call one (1) thirty (30) second time-out per game.

f. Fighting

A match penalty shall be assessed any player who is identified by the referee as the instigator or aggressor in a fight. The opposing player may then be assessed a match penalty if they fight back or continue the altercation, a minor penalty for roughing or no penalty at all depending on circumstances. If two players throw the first punch simultaneously, then both players will receive match penalties. In this instance, a match penalty means that the player or players will be ejected from the remainder of the Arctic Winter Games tournament.

g. Suspensions

Where, in the Hockey Canada rulebook, incidents involving game misconduct, gross misconduct and match penalties are to be reported to the "President" for further action, these incidents shall be reported to the Games Jury established pursuant to the Arctic Winter Games Handbook. At the conclusion of the Games, the incident must also be reported to the "Branch President" for further action.

h. Tie Breaking Procedure

If teams have the same number of points at the end of the round robin, standings shall be determined according to Hockey Canada's process described as follows:

- i. The team(s) with more wins shall be placed ahead of the team(s) with fewer wins;
- ii. If teams have the same number of wins then the result of the round robin game(s) between the tied teams will apply. The team with the better record (points) in the game(s) between the tied teams will be placed higher:
- iii. If teams are still tied after (a) and (b) then the team with the best goal average would place higher. The goal average of a team is to be determined in the following manner: Total number of goals for divided by the total number of goals for and against (this includes goals in all games played by the team in the round robin). In Games where the mercy rule (Section 7, Subsection C) is applied, the winning team shall receive a +7 differential regardless of the actual score. Attachment 'A' provides an example of how this is determined:

2024 Arctic Winter Games

- iv. If teams are still tied after the above (i-iii) then the team with the least number of minutes in penalties throughout all of the round robin games, gains the higher position;
- v. If teams are still tied after the above (i-iv) then the team which scored the first goal in the game between the tied teams gains the higher position;
- vi. If teams are still tied after the above (i-v) then a single coin toss will determine which team gains the higher position.

Schedule

The Host Society shall distribute a first draft of the Master Sport Schedule - a detailed multi-sport schedule, including: competitions, practices/training, pre-Games Coach/Manager meetings and all technical meetings - to the AWGIC and each Participating Unit's Chef de Mission for review no later than 1 year (12 months) prior to the commencement of the Games (Opening Ceremony). The Master Sport Schedule becomes "final" three (3) months prior to the commencement of the Games, unless otherwise approved by the AWGIC. A final review and approval of the Master Sport Schedule must be conducted by the AWGIC Technical Director prior to being considered "final".

- Respect the timing required for participant feeding, transportation and marshalling for opening and closing ceremonies;
- Ensure that practice/training during the first day of the Games reflects the travel realities of Participating Units (e.g., Units with the least amount of travel should be scheduled to practice/train and/or compete first upon arrival in the Host jurisdiction, where Units with the most travel should practice/train and/or compete last);
- Refrain from scheduling overlapping play among male/female teams from the same Participating Units;
