

Hollandia Soccer Club

Policy Statement | Updated January 2022 |

Social Media and Communication Policy

Hollandia recognizes the importance of maintaining excellent communication with our players, families, neighbourhoods and stakeholders to create awareness, and educate our audience about the sport. In addition to more traditional forms of communication, such as print media and email, social media is an increasingly important part of the communication picture. These services include, but are not limited to Facebook, YouTube, Instagram, Twitter, websites and other public forums.

This policy is designed to protect the interests and reputation of the Hollandia Soccer Club and its stakeholders by ensuring directors, administrators, staff, players and families are equipped with the knowledge and skills to appropriately use social media. The policy sets guidelines between private and Club material, and guidelines of appropriate use of social media. This policy applies to all staff, directors, contractors, volunteers, and club members.

Implementation

The Operations Director and Marketing Committee is responsible for the overall development and implementation of the communication plan, and to ensure that online postings are consistent with Hollandia guidelines and policies. The purpose of using social media is to support Hollandia's mission, goals, programs, and to enforce the club's philosophy on the sport of soccer.

While social media posts seem temporary, they should always be considered permanent. Everything that is posted is considered public information. Information (including photos, videos, comments, and posters) may be accessible even after it has been removed. Hollandia is aware that posts may affect a player's future. Many university school admissions officers, scouts, professional teams, national governing bodies, volunteer organization and employers review social media sites as part of their overall evaluation of an athlete, candidate or employee. At the same time, social media provides a strong networking component that is important in today's society and to build club culture.

Hollandia encourages technical coaches, coaches, managers, assistants, players, parents, volunteers, membership, board members and the club's supporters to use social media but reminds users that any time they post they are considered spokespeople of Hollandia. The Hollandia Board of Directors will approve all social media services or tools.

General Guidelines

Communication materials and all social media posts should:

In addition, Hollandia reserves the right to ban or block users that persist in posting material outside the intended nature of club communications.
