Ways and Means Policy

Hollandia realizes that all families may not have the means to fully finance their children's participation in sport. An open club culture means recognizing special cases where assistance may be necessary, deciding on levels of help available, and keeping individual family details in confidence.

Purpose

Hollandia will allocate a set amount to the Ways and Means fund at the beginning of each season. At the discretion of the Club, this amount may be raised or lowered as required due to the type and variety of requests that are submitted each season.

Ways and Means funding requests may be submitted by players, family or managers on behalf of a player in cases where families have been unable to pay team fees.

The Audit and Finance Committee, in conjunction with the Programs Coordinator, will review any situations that arise with regards to financial difficulties of players and/or families. The committee has the right to waive full team fees, a portion or full amount of registration fees, or a portion of the team and a portion of the registration fees and are compelled to handle such issues in the strictest confidence.

Reports to the Board of Directors will include the number of situations reviewed, and the total financial implications to the Club, but shall not report on any other details such as names, although these records will be kept with the detailed financial records of the club.

Usage

Ways and Means funding may be used for the following fees:

1. Registration Fees – fees paid to the club to cover club and league managements costs.
2. Team Fees – fees paid to the team manager to cover team related expenses.

Ways and Means funding may not be used for:

1. Volunteer Deposits – the volunteer expectation will not be waived. Regardless of financial situation, all families are expected to volunteer for the benefit of the club. Families are encouraged to volunteer early in the season to ensure they complete their required volunteer hours.
