24/25 SEASON SPONSORSHIP

Girls hockey is exploding! We had a record breaking 50+ new registrations for the 23/24 season and with the PWHL inspiring a new generation of female athletes, we can only assume this number will grow!

The HGHA has been an outlet for female hockey players for over 50 years. Starting with just 1 team in 1972 and growing to a whopping 12 this past season.

Our goal is to promote and develop opportunity and provide a fun, inclusive, safe and competitive hockey experience. We are committed to providing an environment that builds solid friendships through teamwork, respect and integrity.

We are a not-for-profit organization, based solely on volunteers. This, with the help of our many community supporters allows for lower registration costs for our players. Lower registration costs allow a wider window of opportunity for all female athletes in Muskoka.

Your sponsorship to our program will go towards things like ice time (for practice and games), referees, equipment for teams, our annual tournament which brings more than 1000 players and their families from all over the province to Muskoka supporting many of our community businesses'. As well as many skills and development opportunities for every player.

You can find our SPONSORSHIP options on the following page.

On behalf of all us; coaches, players, parents and board of directors we thank you for your generosity and support of our young, aspiring female hockey players who love the game!

Sincerely,
Shilah Smith
Sponsorship and Fundraising Director
