

[Here is how to Register as a Coach, Assistant Coach or Team Manager in RAMP](#)

As you are working thru this process, PLEASE pay attention to the additional pages as you move through the registration process.

We require all Coaches and Assistant Coaches to register as a coach on RAMP. Please complete and submit your registration as a coach or manager as soon as possible.

Our registration link can be found here: <https://www.rampregistrations.com/login?v3=56405f5040>. Use the same credentials (login/password) you used when registering your player.

The RAMP link is also found on the RDPH Webpg, click "LINKS" and then "RDPH REGISTRATIONS"

Once in RAMP,

Click on "Coach/Staff Registration"

- When it opens up the new page, ensure the Current Season is listed and chosen.
- Make sure you choose your name from the drop down list of family members to ensure you are registering yourself as a coach and not your child.
- If you are not on the pull-down list, please choose "Add a new family member" to add your information.
- Follow the prompts through to the end where you should be able to submit the registration.
- You will have to click a few acknowledgement boxes to complete the registration as well.
