

RAMP App Purchase for Team Use

- To access your RDPH Team thru the RAMP App, your TEAM must have paid for the app - this will be up to the coach/team manager.
- When logged in to your Team Webpg, click on the "RAMP Team App" on the left side of the page.
- There is a video tutorial to watch to help you purchase/use the App.
- Read all the instructions carefully to get setup correctly.

The screenshot shows a web browser window with the URL `admin.rampcms.com/team/teamrampsetup`. The page title is "RAMP Team App". On the left, there is a navigation menu with items: "RAMP Team App", "Subscription", "Member Access", "Settings", "Logo", "Content Pages", "News Articles", "Events", "Ad Rotator", "Players", "Staff Members", "Mail", "League Games", "Games", "Practices", "Photos", and "HCP File". The "Subscription" item is highlighted in blue.

The main content area has a yellow background and contains the following text:

Thank you for your interest in the RAMP Team App. If your Association has a RAMP Website, this would be the better place to purchase the App. You are currently logged into a League that has a limited number of features available. Your Association website has includes many more features including Practices, Events and Game Assignments. Once you have purchased the App from your Association Website you have the ability to do a "League Tie In" that carry's over your League Schedules and Statistics.

If you have any questions, feel free to contact support:

Below this is a blue button that says "Click Here For Tutorial!".

Under the button are two links:

- [Google Play](#)
- [iTunes App Store](#)

The bottom section of the page has a light blue background and contains the following text:

RAMP Team App, stay connected to your team with our new app! An easy to use, simple tool to manage your event schedules, RSVP, communicate and share your moments.

After you purchase a subscription, there are 2 ways to start getting the app to your players and staff.

1. You can start entering players and staff with an email address, this will automatically email them instructions to get the app and signup/login.
2. The public can download the app, search for your team and request to be a member of your team. In this case, you are required to approve them under "Member Access" before they can use the app with your team. There are 3 different roles in which you can approve a member:
 - Team Member/Parent: This role allows the user to RSVP to Events/Games/Practices, Chat, Share Photos and Videos.
 - If you already have players and staff entered with email addresses, they have been automatically emailed with the information to download and sign/login on the app.
 - Coach/Mgr: This role allows the user to RSVP for all team members from within the app as well as the ability to Send Event Notifications, and includes all functionality of the Team Member/Parent Role.
 - Fan: This role allows the user to see (not rsvp) all Events/Games/Practices, Chat, Share Photos and Videos.
3. **Note: Players and Staff require email addresses entered for the app to work
