RE: Gaming Proceeds Policy

DATE: September 16, 2018

All teams in the Juan de Fuca Minor Hockey Association can raise funds using gaming proceeds. These gaming fundraising activities come in many forms, among those are:

- 50-50 Ticket Sales at JDF tournaments or other public sporting events
- Raffles of baskets or other prizes

To participate in these gaming fundraising events, the team must get a **gaming license**.

The gaming license request should be directed to the Gaming Director on the JDF executive. Once the license is issued and approved, the Gaming Director will get in touch with the team.

Gaming Funds Distribution

For these events, our association has a revenue sharing policy whereby 30% of the net gaming funds are collected by the association to maintain the Scholarship/Bursary Fund. This fund is used to provide scholarships to the graduating midget players and to assist our families in travel, equipment and other costs as these situations arise among our member families.

Tournaments - All JDFMHA tournaments are required to submit 30% of the COMPLETE proceeds of all NET proceeds of the tournament (*meaning after all expenses have been deducted from all revenues*) – Not just Gaming Revenue.
