JUNIOR PROSPECTS HOCKEY LEAGUE

Welcome to the 2022-23 hockey season. I would like to take this opportunity to personally welcome you to the inaugural season of the Junior Prospects Hockey League.

We are extremely excited to drop the puck and watch you grow your passion in this great sport.

While our league may be new, the people working inside this incredible league are very experienced and collectively have come together to provide you with a unique opportunity and experience this coming season. We have surrounded you with some of the best hockey people who are dedicated to growing your knowledge and skillset that will help you continue to develop athletically and academically in your hockey journey. Community and family is all about “people” and our league is no different. You are now a big part of that!

No other amateur league in our sport has put together a holistic offering full of details that are rivalled by junior and/or professional sports. You are part of a league that will redefine how the sport is executed and operated to maximize your potential. We have been working with athletes like yourself who want more, want better. We understand what is right with our sport and what can be improved. We are dedicated to chasing perfection for you and our athletes.

I look forward to meeting you in the near future around the rink as we approach the exciting start to the upcoming hockey season. We all have lots of hard work to do, much like yourself, and we are committed to a path of continuous improvement to help you take the next steps on and off the ice this season.

Yours in hockey,

Richard Nault
