

# Late Fee Policy for Competitive Team Members

Updated Jan 2023

---

## **Purpose**

KCKC relies on registrations to plan events and programming. Prompt payment submitted by the posted due dates allows for planning and smooth operations. It is the responsibility of each member to take the necessary steps to gather the information they need prior to due dates and make payment accordingly.

It is the role of KCKC to provide advance notice of upcoming due dates and the required information and instructions to make payment.

## **Late Payment**

Athletes who do not pay by the posted deadline will be charged a Twenty-Five Dollar (\$25.00) late fee.

The athlete will be allowed to participate in programming for 5 days grace until fees are paid or arrangements have been made, afterwhich the athlete can not participate until dues, plus the late fee is paid.

Members facing financial hardship are encouraged to reach out to the KCKC Board for confidential consultation. Each situation will be evaluated individually.
