

October 1st 2020

My name is Jonathan Milks and I am very pleased to be taking the role of head coach of the 18U Kanata Cubs. After coaching in Kanata baseball for the past 3 years I look forward to improving as a coach alongside a familiar group of players for their 18U season.

After growing up playing for the Kanata Cubs I moved on to play for the Ottawa Nepean Canadians, Montreal Giants and eventually at Western Oklahoma State College. Throughout my years of playing I worked to maintain respect for my teammates, coaches and the game, all lessons I learned originally through Kanata baseball.

Our season will begin with indoor Winter sessions from February through April, and then on the field beginning in May and ending in August. The season will consist of 2-3 practices per week and 1-4 games. There will also be 3-4 tournaments throughout the summer. KBA offers an equal playing time policy.

Finally, the results of our upcoming tryouts will be sent out to families no later than October 11th for players who made the team. A response is required within 24 hours, at which point the roster will be finalized and all those who did not make it will be notified with a release letter. At this level, league fees are approximately \$720 for the season. The additional team fees will be discussed at a team meeting.

I am really looking forward to a great 2021 season and thank you to everyone who has registered.

For the love of the game,

Jonathan Milks
