

Welcome players and families,

My name is Jay Blauer and it is a privilege to be named the KGHA Rangers U18 A coach for the 2022-2023 season. My philosophy is one based on development and learning, where players continuously improve while loving the game of hockey. This philosophy is one where teaching is key, as players grow and push themselves to excel at the highest level of competition to meet their personal goals..

Through hard work, passion, fun and commitment to teammates, each player will move towards achieving their fullest potential. There are amazing opportunities on this team, and it is up to the players to strive and reach for them while demonstrating their competitive drive and willingness to make an impact.

The minimum expectation is 4 mandatory hockey related sessions a week.

Please note the tryout schedule posted on the KGHA Website.
