

Jason Bosomworth U15AA 2024/25 - Ottawa Lady Sens

Hello Hockey Families,

My name is Jason Bosomworth, and I am pleased and privileged to have been chosen to coach the Ottawa Lady Sens U15 team for the 2024-25 season. This will be my 20th season of coaching minor hockey and my first with the Lady Sens program.

Philosophy

I believe the players will enjoy the hockey season and deem it a success when they play with confidence and are given the tools and opportunity to develop. As the coach it is my responsibility to provide a safe, welcoming environment, to build trust and rapport with each of the players, such that they believe in the coaching/process presented.

For their part, the players will be expected to take ownership of three key parts of that process – their focus, their attitude, and their effort. Each player, and the team as a whole, will set high expectations, and together those goals will be met by following this process. All players will develop individual skills, team tactics and team systems, with an emphasis on team speed and puck possession.

My desire is to have a team that is filled with players that want to play for each other, take enjoyment in team success, always compete, have strong hockey knowledge, and an enthusiasm for all hockey events.

Commitment

The time commitment for all players and parents is significant. You can expect 4-5 team functions per week, consisting of games, practices, and off ice activities. There are no set days for these events. The expectation for players is to make these hockey functions a priority in their activity schedule.

Schedule

The season will consist of exhibition games, 22 regular season games, playoffs, and playdowns. The team will compete in 5-6 tournaments, plus potentially the year-end provincial tournament. Expect there to be at least 4 away tournaments and one of the tournaments will be in the United States.

Team Fees

Team fees will be in the range of \$3000-4000. These fees are in addition to tryout and registration fees.
