

Lacombe Minor Hockey Association

Team Travel and Busing Requirements

Both leagues cover a large area and so our teams are traveling farther. For safety of the players and parents the following travel policy will be followed.

Buses will be used under the following regulations:

Games that require travel of 200-299 kms buses will be used at the team's discretion. We encourage the use of buses but it is not mandatory.

Games that require travel of over 300 kms must use buses.

Trips that require an overnight stay must use buses. Exception for tournaments.

Buses will be booked through the LMH office by the admin staff.

Any requests for deviation from above will require submitting in writing your request to the President. This must include the reason you are asking for the exception.
