

18U League play games

With spring being so late some fields might not be ready if that is the case games will need to be rescheduled.

So we can get 9-10 games in for the season I have added a couple of games in to be played during the week. It is up to those teams to set up a date and time to play at the home teams diamonds. For the weekday games the innings pitched rule will be in effect.

TBD games: need to be played before may 29 at home team diamonds
