How to Add Players/Staff & Enter/Verify Scores

From the LMBL.ca website, click on Admin Login at either the top or bottom of the website.

Team user names and passwords are created by the league website admin and are sent to each association's league contact.

There will be a new user name and password every year.

Enter your user name and password at the login screen (you get to the same login screen from any RAMP website).

To enter/edit rosters, click on Players (dashboard or drop down/side menu) To enter/edit managers/coaches, click on Staff (dashboard or drop down/side menu) To enter or verify game scores, click on League Games (drop down/side menu). Do NOT use the Games button on the dashboard.

You can add players individually or add multiple players at once. You can only add birthdates to individual records.

If you add your roster as multiple players, you will need to edit individual records to add birthdates.

If you need to change info for a player who has already been entered (eg add jersey number, correct spelling, etc), you will have to edit their individual record.

Make sure to scroll down and click SUBMIT after you add any players or make changes.

Note that the date will default to the day before the current date (e.g. on July 1, it will come up as June 30). If you need to see a game that is more than 24 hours old, you need to change the date and then click View.

The home team must enter the game score and roster. To enter scores, click on the green pen box beside the game.

Away team must verify game score. To verify scores, click on the orange check box.

A Drint Labole						13U						

Only the home team can enter scores.

Enter the score, click on Game is Finished, and click on submit.

Note the default is to have Umpire Present checked. If there was no umpire, uncheck that box. We are not asking teams to enter home runs or defensive innings.

After you have entered the score, click on Roster to enter rosters.

We are not asking teams to enter pitch count on the website (pitch count at tournaments will be tracked using Baseball Alberta paper forms).

Click by each player who played in the game and hit submit.

Away team verifies the score. After the game is marked as finished, click on the orange check box to verify.
